Title: Report on Industrial Visit to BEML

Date: 4th July 2022

Organised By: Department of Commerce

Participants: 42 Students and 2 faculty

To have the overall development and for the right kind of Industry exposure, an Industrial Visit to BEML was planned for the students of B.Com Students on 4th July 2022

All students assembled at Surana College South End Campus started in a bus to BEML limited (old Airport). The visit commenced at 10:00 AM, where a series of formalities were undertaken by the Security officials from the entrance gate of BEML to the venue allotted.

BEML – Old Airport Road, Bengaluru primarily focuses on the manufacturing of Metro Rail Cars (compartments) for Indian and International Companies as well. Till now they have been supplying to Delhi Metro, and Kolkata Metro and have also bagged a few orders for the fully automatic Metro cars for various other regions. The students took a keen interest in knowing the various processes starting from the manufacturing of various parts of Metro up to the final assembly of the Cars. The test and quality check Department process was also understood by students and their queries were well answered by the officials/representatives of BEML.

Students also got a chance to interact with Mr Varun (Apprentice training) & employees. The entire visit took about 2 hours. He also appreciated the initiative taken up by Surana College for introducing such visits for the young minds and nurturing their careers.

The industrial visit to BEML enriched the knowledge of both students and faculty in knowing more about various processes.

On behalf of the Department of Commerce, we would like to thank Dr Archana Surana (Managing trustee) Dr Bhavani MR (Principal) and for their continuous support.

Sir,

Sub : Industrial Visit

Ref : Letter dated 23.06.2022

In sequel to your letter cited above seeking permission for a visit to our Manufacturing Complex by the students pursuing Commerce in your institution, we are pleased to convey that our Management has accorded approval for the visit of 45 Students plus 3 faculties.

Accordingly, your student's visit to our Complex is scheduled on 04th July 2022 from 9.30 AM to 11.30 AM.

Ours being a Defence Organisation, the following aspects have to be adhered to by the Institutions intending to visit our Complex:

- 1) List of names of the students for the visit has to be furnished in your Institution's letter head duly certified by authorized person of your Organisation and submitted to the Security Dept., on arrival to our Complex. The visiting team has to report at the Admin Gate Security.
- 2) The visit timings have to be strictly adhered to.
- 3) Camera/mobile phones or any other electronic gadgets will be not allowed inside our Complex premises.
- 4) A coordinator from our Complex will provide necessary guidance to the students during the visit. Fly

- 5) In case, your Students desire to avail lunch at our Complex, you may please inform us in advance so as to make necessary arrangements for the same in our Canteen on payment basis. Necessary coupons can be obtained from our Security Office.
- 6) In case, any of Students of the visiting team is of foreign national, his/her valid passport/visa copies to be produced to our Security Dept., on arrival.
- 7) To ensure the Covid Appropriate Behavior (CAB) and the visiting students/faculty should be vaccinated for COVID - 19.

Please ensure to confirm the visit of your Students to our manufacturing Complex atleast a day before the date of visit so as to make necessary arrangements in this regard. Your confirmation may be through email to ampr@beml.co.in or telephonic to mobile number 9590869674.

BEML Management is pleased to be a part of your Students' knowledge enrichment process through the visit.

We look forward for a feedback about the visit from your end so as to enable us improvise the existing Students' visit module of our Company, if need be, for betterment.

Thanking you,

Yours faithfully,
for BEML LIMITED

Title: Report on Industrial Visit to MILMA Wayanad Dairy, Kerala

Date: 15th July 2022

Organised By: Department of Commerce

Participants: 102 Students and 8 faculties

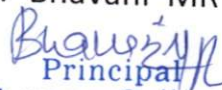

Summary:

To have the overall development and for the right kind of Industry exposure, an Industrial Visit to MILMA Wayanad Dairy, Kerala was planned for the students of B.Com Student on 15th July 2022.

This unit processes 70-80 thousand liter of milk every day. All the milk that gets processed are come from Wayanad district, Kerala. The pasteurized milk is stored in the milk storage tank. The pasteurized milk is then led into the sterilization unit through pipelines. This unit consists of a homogenizer which maintains the milk at 137 degree Celsius. The sterilized milk which is now all set to be packed is sent to primary packaging unit through feed pipes. This production unit is mainly concerned with production of 100, 200 and 500 ml packets of slim and toned milk. The slim variant has zero fat while the latter has a trans-fat of 3.5%. Separate machineries are used for production of different quantities of milk packet. The tetra pack into which the milk is filled has 4 layers. Polyethylene is being used for the innermost and outermost layer while aluminum and paper board being used for the middle layers. A sensor based tagging machine prints the MFD on the packets and this marks the primary packaging process.

All the tagged packets are sent to secondary packaging unit through a conveyor belt where all the packets are put into the carton boxes. They undergo strict inspection and are quality checked on various parameters like acidity, CLR, and packaging integrity. The quality checked products are dispatched to public or retail store and also dispatched to more than many countries.

On behalf of the Department of Commerce, we would like to thank Dr Archana Surana (Managing trustee) Dr Bhavani MR (Principal) and for their continuous support.

Year:	2021
Date:	10 th November 2021
Total Number of Students:	50

Title: Report on Media visit to Suvarna News channel

Date: 10th November 2021

Organised By: Department of Journalism

Participants: 50 students and 1 faculty

Summary:

Department of Journalism organized a Media Visit to Suvarna News 24/7 news channel as part of the experiential learning activity on 10th November 2021.

Fifty Journalism students from Final year and second year along with the faculty visited the news channel. They interacted with the Editor, Reporting Bureau chief, News Anchors and Reporters.

During their visit, students learnt about the different departments of a newsroom, newsroom functions and different designations and their responsibilities in the News studio. They also were familiarized with the various stages of production of news. Students interacted with News Anchors and Reporters too. Overall, it was a great opportunity for students to network with the Media fraternity.

Title: Report on A Day Trip To Rezwan Razack's Museum of Indian Paper Money on 30th November, 2021

Date: 30th November, 2021

Organised By: Department of History and Economics

Participants: 51 Students and 3 Facultyies

With the blessings and constant encouragements of our respected Principal Dr. Bhavani M.R., an educational tour to Rezwan Razack's Museum of Indian Paper Money was organised by the Department of History and the Department of Economics in order to enhance the knowledge on the historical background of Indian paper money and how it is important for any citizens of India to know about its economy and to the value of authentic change of paper money in India. The schedule of the same is mentioned below:

Museum Description: The Rezwan Razack's Museum of Indian Paper Money houses one of the finest collections of paper currency and related material drawn from the Indian subcontinent, spanning two centuries. This collection is notable for its breadth and depth, ranging from Early Notes of Private and Presidency Banks to Colonial Indian Uniface Notes and Portrait Notes of British Monarchs, Queen Victoria, King George V, and King George VI. The notes from French India and Portuguese India provide evidence of India's colonial history. Other highlights include money from the princely states of Hyderabad, Jammu and Kashmir, and Saurashtra, as well as cash coupons and prisoner of war coupons. Furthermore, Indian notes used in Myanmar and Pakistan, as well as rare notes used in the Persian Gulf states and by Haj pilgrims, are valuable additions. A sweeping array of contemporary Indian notes is also on display. We examine this universal medium, displayed here as a source of history, information, and national pride, with an unwavering commitment to educate, inform, and entertain the visitor. An auxiliary collection, meticulously put together, explains the inspirations and techniques of paper currency and allows one to marvel at the fascinating aspects of money through hand painted Essays, Patterns, Proofs, Trials, Specimen notes, and a rare Star of India Medal.

About the Visit: A day trip to Rezwana Razack's Museum of Indian Paper Money was organised by the college, we were in constant touch with Mr. Bharat, the concerned person of the museum who helped us to give ticket price concession for the college staff and the students. Four teaching staff (Prof. Navaruna Borah, Department of History; Prof. Girish, Department of Economics) along with thirty students went to the visit. Students from 3rd and 5th semester from both the combinations (HTJ and HEP) had participated who were asked to make a report on the visit by talking to the concerned person and learning the history behind the currency.

Visit Outcome: From the visit the students were being able to learn about the history of Indian Paper money which is an important part of the economic history, The visit has several outcomes, first to help improve the knowledge on Paper economy, and second to allow students to know the growth and change within the economy.

It had also helped the students to know about the history of economy in India and how paper money had always been a major part of self-dependent economy in India.

Title: Report On A Day Trip To Indian Artisans Bazaar On 8th February, 2022

Date: 8th February, 2022

Organised By: Department of History

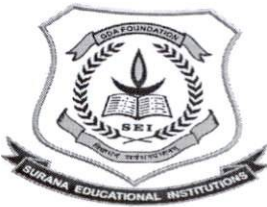

Participants: 51 Students and 3 Faculties

With the blessings and constant encouragements of our respected Principal Dr. Bhavani M.R., an educational tour to Indian Artisans Bazar was organised by the Department of History in order to enhance the knowledge on the historical background of Indian art and crafts and how it is important for any tourists to know the value of authentic crafts from India. The schedule of the same is mentioned below:

Event Description: Bengaluru Indian Artisans Bazar is an annual fair in the city of Bengaluru. The Bazaar is a part of Dastkar's (Dastkar means artisans) efforts to provide relief and revive the lost livelihoods of craftspeople across India post- the second year of Covid.

Indian Artisans brings the most authentic experience of Indian handicrafts by bringing a confluence of more than 100 craft groups and craftpreneurs from 20+ states across India within one arena. With this initiative, Indian Artisan strives to provide a platform to the craft groups to kick-start production and create marketing platforms to sell their products, thus sustaining the craft communities.

The Bengaluru Indian Artisans Bazar will offer a wide range of lifestyle accessories, silver jewellery, and adornments, metal crafts, carved furniture & decorative products, pottery & ceramics, basketry & fibre crafts, leather products, traditional paintings, a variety of hand-woven, embroidered, block printed textiles and much more from every corner of the country.

The Bengaluru Indian Artisans Bazar was held at Karnataka Chitra Kala Parishad, Bangalore from 4th to 13th February 2022.

About the Visit: A day trip to Indian Artisans Bazar was organised by the college. Three teaching staff (Prof. Navaruna Borah, Department of History; Prof. Girisha K., Department of Economics and Prof. Simran Parveen, Department of Political Science) along with forty students went to the visit. Students from 1st, 3rd and 5th semester from the Departments of History had participated who were asked to make a report on the visit by talking to the artisans and learning the history behind their craft. The college had also organized a college vehicle for the pickup and drop facility.

Visit Outcome: From the visit the students were being able to learn about the souvenir trade which is an important part of the tourism industry serving a dual role, first to help improve the local economy, and second to allow visitors to take with them a memento of their visit, ultimately to encourage an opportunity for a return visit, or to promote the local to other tourists as a form of word-of-mouth marketing.

It had also helped the students to know about the history of art and craft in India and how handicrafts had always been a major part of self-dependent economy in India.

Title: Report On A Three - Days Trip To Summer School, Coimbatore On 25th – 27th June, 2022

Date: 25th – 27th June, 2022

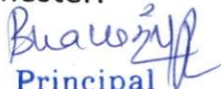

Organised By: Department of History

Participants: 4 Students and 1 Faculty

Visit: Amrita Vishwa Vidyapeetham, Coimbatore

With the blessings and constant encouragements of our respected Principal Dr. Bhavani M.R., an educational trip to 3-days summer school in Coimbatore was organised by Amritha Vishwa Vidyapeetham in order to enhance the knowledge on the historical background and some unknown and unpopular history of India and why it is important for us to know that and to the value of authentic history of our nation. The schedule of the same is mentioned below:

About the Visit: A three-day trip to Amrita Vishwa Vidyapeetham in Coimbatore was organised; we were in continual contact with Mr. Shivananda, Assistant Professor, who invited me and my students and assisted us in staying on campus for three days. I went on the trip with four other students from the second semester.

My students had participated who had a fantastic time and learnt a lot during the summer school, they were expected to prepare a ppt and a research paper on the visit for which the subjects were supplied by the chosen faculties and understanding the controversial history which was intriguing for the students

Visit Outcome: The kids not only had a great time on campus making friends and socialising, but they also learnt a lot. Students were educated about India's unwritten history as well as how to write research papers. The Amrita trust will publish the articles completed by the students in its journal after they have been finished. Overall, everyone had a terrific time.

Report

Date: 30.09.2022

Venue: Visvesvaraya Industrial and Technological Museum

Visvesvaraya Museum is a Science Museum under National Council of Science Museums, Govt of India. Its objective is to inculcate scientific thinking and a sense of inquiry in the minds of the people. The Museum strives to achieve this through exhibits and science-based activities & shows. Engine Hall, Dino Corner, Electrotechnic, Fun Science, Space, Biotech, Electronics and Children's Science are its permanent galleries. Exhibits are interesting as they encourage visitors to interact or operate to learn basic principles on their own. Shows like Taramandal (mini planetarium), Science shows, 3D film show, Science on a sphere etc are also held regularly.

HOD, Dept of Biotechnology
Surana College

Respected madam,

Sub: Requesting for permission to arrange Educational Trip from 1st to 4th August 2022.

With reference to above subject BSc Students need to visit Research institute or Industry as academic report must be submitted in the exam and the practical experience would help students to learn science with exposure to nature and Industries

As per discussion we are planning to Wayanad for 3 days places to visit - Rippon Tea factory and Bamboo Forest, Wild life sanctuary and sightseeing 1st to 4th August 2022.

Therefore, a humble request to grant permission and kindly do the needful

List of places and Complete details are attached

Regards

Farzana Tasneem M I
Dr. Farzana Tasneem M I

- Pl. submit the following:
1. List of Teachers accompanying the students and their Contact Numbers
 2. Agency & firm/operating the trip their details.
 3. Itinerant to submit programme with details like, place, contact number and persons involved
 4. Last date to submit the report.
 5. A file to be maintained.

Industrial Visit to Wayanad, Kerala

Wayanad is known for its agricultural sector, with crops such as coffee, tea, pepper, and spices being the major products. The district also has a small-scale manufacturing sector that produces items such as furniture, handicrafts, and textiles. The industrial infrastructure in Wayanad is not as developed as in other parts of Kerala, but efforts are being made to promote industrial growth in the region.

There are a few industrial estates and parks in Wayanad, including the Vythiri Industrial Estate and the Pulpally SEZ. These parks are designed to provide infrastructure and facilities for industries to set up and operate in the region.

Overall, an industrial visit to Wayanad could provide an insight into the unique industrial landscape of the district, which is largely centered around agriculture and small-scale manufacturing. It could also offer an opportunity to explore the region's natural beauty and cultural heritage.

Report:

Lalbagh Botanical Gardens, located in the heart of Bangalore, is a prime destination for BSc students interested in botany, horticulture, and ecology. Covering an area of 240 acres, the garden is a beautiful and serene location where students can learn about different plant species and their growth patterns. The garden boasts of over 1,000 species of plants, both exotic and indigenous, making it a treasure trove of botanical knowledge.

The garden is divided into various sections, each showcasing different types of flora. The Rose Garden is a particular highlight, with over 200 varieties of roses on display. The Lotus Pond, located near the entrance, is home to several species of aquatic plants, including the beautiful lotus flower. The Bonsai Garden is another fascinating section, featuring miniature versions of trees that are several years old.

The Glass House in Lalbagh Botanical Gardens is an architectural marvel, with its design inspired by the Crystal Palace in London. The structure hosts several flower shows and exhibitions throughout the year, attracting visitors from all over the world. The bi-annual flower show, held during the Republic Day and Independence Day weekends, is a must-see event, with thousands of flowers on display.

The garden also has a lake, where students can observe various aquatic life forms, including fish, frogs, and turtles. The walking paths in the garden are lined with trees and benches, making it an ideal location for outdoor activities and relaxation. The garden also has a dedicated section for children, with a toy train and several other attractions.

In conclusion, Lalbagh Botanical Gardens is an essential destination for BSc students interested in studying botany and ecology. The garden's diversity of plant species, coupled with its architectural beauty, makes it an excellent location for both learning and leisure.

Title: Report On Industrial Visit To Biocenter

Date: 12th August 2022

Organised By: Department of Botany

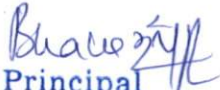

Participants: 31 Students, 2 faculties and Lab attender

Field Visit to Biocenter was planned for the students of BSc Students on 12th August 2022 to have an exposure of mushroom cultivation and methodology.

Biocenter (Hulimavu), Department of Horticulture, GoK aims at basic technical service requirements of farmers, entrepreneurs, students and research professionals. They cultivate few varieties of Mushroom and provide it to the consumers. They also conduct training programs for the farmers, students and interested ones. They also provide the spawn bags and cultivated mushrooms to the farmers and for students for research purpose. The Biocenter consist of Plant nutrition section which mainly works on nutritional aspects of plants. They also have a medicinal plant nursery.

All students assembled at Surana College South End Campus started in a bus to Biocenter, Hulimavu. There was a training program on Cultivation of Mushroom where the registration formalities were done and we spent 6 hours in the campus. After formal registration the students actively took part in the training programme which began at 10.30 Am and went on till 3Pm. Students visited the fern Nurseries and observed the various types of ferns in the artificially controlled Natural Habitat.

After the completion of the visit students boarded the college Bus and came back to college at 4.45PM The field visit to Biocenter enriched the knowledge of both students and faculty in knowing more about various processes, techniques of mushroom cultivation.

Karnataka Soaps & Detergents Ltd

Abstract:

Programme Name:	BSc Chemistry
Program Code:	S85
Course Code:	SC1C61
Course:	Chemistry
Semester:	II, IV & VI semester
Year:	2022
Date:	27 th May 2022
Total Number of Students:	55

Report:

A complete report on the industrial visit to Karnataka Soaps And Detergents Ltd Organized By Surana College (South End), for the students of BSC CBBT in order to gain exposure and practical knowledge about the large-scale processing & production, techniques & technologies in the soap industry and also gain insights into the career prospects available in the industry.

BASE SOAP

SOAP NOODLES

SANDALWOOD OIL

MYSORE SANDAL SOAP

Group Observation

Base soap + Sandalwood Oil = **Mysore Sandal Soap**

1. **Base soap** : Caustic soda + Palm oil + Salt water (Boil & Cool)
Setting
2. **Soap noodles + Sandalwood Oil**
Soap noodles is the key ingredient in the manufacture of soap bars.
Sandalwood oil is converted into sandal perfume before combining.
It has holistic health benefits & hence used in Ayurveda.
3. **20+** natural essential oils are added.
4. Recycling process.
5. **Aging**: For 1 month in aging tanks.
6. Final product moulding& packaging.

Surana College (South End) had organized an industrial visit on 27 MAY, 2022 to Karnataka Soaps & Detergents Ltd located in Yeshwanthpur for the students of BSC CBBT.

The visit was organized by HOD of the Chemistry Department, Dr. Sumaiya Tabassum with the assistance of Chemistry attender Mr. Girish. The students were also accompanied by Dr. Malini Shetty A.G from the Department of Botany & Dr. Seethalaxmi M.S from the Department of Biotechnology.

We started our journey from the college campus at 1:30 PM via bus arranged by the college. About 55 students along with 3 faculty embarked on this journey.

SWOT Analysis

Strengths:

- The factory is located in the heart of the city & has all infrastructure facilities.
- The company has modern manufacturing facility with maximum capacity, brand
- A very good dealership network, which ensures that the products reach every nook and corner.
- A very little competition for its major products sandal soap.
- An ISO 9001 certified company has its own brand image.
- An ISO 14001 company, which commits to reserve the natural environment in abundant availability of raw materials.
- Two sandalwood oil factories in Shimoga and Mysore, which produce 75% of world's sandalwood oil.

Opportunities:

- The toilet soap and the detergents market is an over expanding industry and a major company like KS& DL with its manufacturing expertise can call the shots if it
- Reach peak manufacturing capacity.
- Good export market should tap foreign market vigorously.
- At present it has Good raw material sources to enhance production.

Threats:

- Competition from other global leaders like HUL.
- Government interference may reduce growth potential.
- As the company depends on forests for its main raw materials makes the company to find chemical alternative to sandalwood.
- To protect the financial interest of the company.

Conclusion

We are all thankful for the opportunity provided by our faculties by organizing this wonderful industrial visit. It was a great hands on learning experience which provided insights into the manufacturing units, technologies, supply, distribution, exports etc. in the soap industry.

We also gained information regarding the various career opportunities available in the industry including the internships offered by the company which has piqued the interest of many students.

Furthermore, we hope to get more such chances to have informative and fun practical learning experiences and gain exposure to keep ourselves updated about the opportunities and advancements in our career field.
