Martyrs Day 31st January 2022

Surana NSS Unit celebrated Martyrs Day on 31st January 2022 to remember freedom fighters who laid down their lives to help make India independent. We observed a two-minute silence in the memory of Indian freedom fighters who sacrificed their lives. The most important Martyrs Day is celebrated on January 30, the death anniversary of Mahatma Gandhi. After India became independent in 1947, Gandhi continued to promote peace and brotherhood in the nation and carried on his work to preach nonviolence as a means towards political and social progress. This earned him the title of 'Father of the Nation' and he became famous for his peaceful policies across the world. He had led several agitations which helped India achieve independence. On the mark of this candles were lighted and two minutes silence was in the memory of Gandhiji. The event was in the memory of Mahatma Gandhi.

PUBG Charity Fundraising Event

Extension Activity. Under this activity, funds were collected from the **PUBG event** organized by the Student Council and free food, water and blankets were provided for homeless people around **KR market**.

➤ Why PUBG?

PUBG: Battlegrounds (or PUBG, previously known as Player Unknown's Battlegrounds) is an online multiplayer battle royale game. Up to one hundred players parachute onto an island and scavenge for weapons and equipment to kill others while avoiding getting killed themselves. The available safe area of the game's map decreases in size over time, directing surviving players into tighter areas to force encounters. The last player or team standing wins the round.

- Advantages:
 1. Multi-tasking.
 2. Focusing power.
 3. Team building.
 4. Better eye-hand coordination.
 5. Planning and strategy.

➤ The problem of homeless people in KR market:-

Another winter is around the corner and the city's homeless still have no where to go. Police find bodies of at least three unidentified persons in and around KR market every month, most of who die due to lung failure. Lack of shelters, no proper food and water accommodations are the main reasons for many of these problems. They are prone to infections as they sleep on pavements, under flyovers and on top of drains, none of which are safe places.

➤ How the Student Council helped?

The funds collected from the PUBG event organized by the Student Council was put into effort of buying food, water bottles and blankets for the homeless people of KR market. On **13th January 2022**, around **6.30AM**, members from the student council board under the guidance of a teacher started at Jayanagar. With the help of 35

Jayanagar civil police, travelled to KR market and tried to cover up the necessities of the homeless people. We provided 50 food packets, 50 water bottles and 25 blankets and tried to cover up as much as possible.

➤ **Outcome :-**

Donating to the needy is a great way to improve the conditions in your neighbourhood or community. Donating food to the worthy people helps counter poverty, hunger and at the same time it can improve harmony, friendliness and trust among students. Through providing food, students do so much more than feed people- they help all members of a community receive the fuel they need to be at their best. Developing our network of members in the student council is helping build stronger communities inside our council as well as in the society.
