Department Of History

The bridge course is designed to familiarize students with the subject and importance of History in our daily life. The aim of the course is to educate students about the major changes in political, social, religious, economic and cultural aspects with historical background and relating with the contemporary time. The goal is to make the students understand and give a proper study of history, it will teach them to be wiser to solve internal and external problems that confront the nation. The objective of this course is as follows:

Objectives:

1. It helps us to know more about the past in both internal and external relationship.
2. It satisfies man instinct of curiosity about the lives lived by our forefathers
3. It links the present with the past.
4. It stresses the continuity of human consciousness from generation to generation.
5. It enables us to know the truth about the past by sifting facts from myths legends or fairy tales
6. It offers and promotes the examination of situations critically.

Aiming at making the students smoother for the humanities subjects, a one-week bridge-course for all the BA students for the newly entered students of academic year 2021-22. Main objective of the course is to provide ample time and platform for the transition of students from school to the hard-core graduation. In spite of having very good grades at Higher Secondary Exam, students need to have exposure of high level. Hence the conducted bridge course proves to be the best opportunity for the students to adapt themselves to new social and academic environment.

Problem Solving Methods – 2021-22

ACTIVITY -1 - Understanding Perception through Optical Illusions

An activity was conducted for IV Sem BBA students where they were introduced to different images of optical illusions – the images helped the student to understand how the same image can build different perceptions for different people, it also helped the students understand how perception helps in forming one's personality.

ACTIVITY -2 – SWOT Analysis and BCG Matrix

II Sem BBA students were asked to do SWOT Analysis of a company.

Students had to take a product line of a company and allocate the products in the four quadrants of BCG Matrix.

ACTIVITY – 3 Parampare

Activities conducted for IV Sem students to understand Business Research Methodology

To understand the basics of research as a part of Business Research Methods Subject the students were asked to prepare their family tree. The main objective of the activity was to make the students to know their family origin and to help the students understand the basics of historical and applied research.

ACTIVITY – 6 Let's get inked

It was observed among the students that, most of the students gave driver's license, Aadhaar card or passport as identity proof when required. Hence research was done to find how many students were registered for voter's card after completing 18 years, it was concluded from the research that very few have registered for availing the voter's ID.

To create an awareness and importance of voter ID card, let's get inked campaign was carried out on voter's day, where many students got themselves registered for voter's ID card.

ACTIVITY – 7 Find your Map – Mocumentary

As a part of creativity and innovation subject to have a better understanding and explore the demographic characteristics of different regions of India, students were given a choice of selecting the state and students were grouped on the basis of selection of the states with similarities. Then the group members had to collect information from each other about their state without asking direct questions.

Activity - 2

Story Board

Different methodologies of Research were explained to the students and a storyboard activity was given to the students where they had to

- click five photos in and around the campus and build a story connecting those pictures.
- Building the story would help them understand the different research methodology that can be put in use to build the story.

Activity - 3

Ambidexter

To make the students understand applied science theories, an activity was given where the students were asked to research about the psychological facts of writing with both hands, after research they had to apply the learnings by trying to write by both hands.

The observation was that maximum students could write with both hands with the help of psychological facts.

Activity – 4

Let's get inked

It was observed among the students that, most of the students gave driver's license, Aadhaar card or passport as identity proof when required. Hence research was done to find how many students were registered for voter's card after completing 18 years, it was concluded from the research that very few have registered for availing the voter's ID.

To create an awareness and importance of voter ID card, let's get inked campaign was carried out on voter's day, where many students got themselves registered for voter's ID card.

Experiential And Participative Learning

Experiential Learning: “THE BEST WAY TO EXPLAIN IT – IS – TO DO IT”

Participative Learning: “PARTICIPATION IS ONE THE BEST METHODS OF EDUCATING”

A Classroom activity was conducted for II year BCA students on 25th of November 2021 in OPERATING SYSTEMS class on the topic “DINING PHILOSOPHER’S PROBLEM”.

Surana College

AUTONOMOUS

16, South End Road | Bengaluru-04

Reaccredited 'A+' Grade by NAAC | Affiliated to Bengaluru University

To deliver some academic concepts, the best way of teaching technique is involving the students and helping them to learn the concepts in form of an activity. That gives the **EXPERIENTIAL AND PARTICIPATIVE LEARNING** which makes the tricky and difficult concepts crystal clear.

This topic is included in the ACADEMICS under CLASSIC PROBLEMS OF SYNCHRONIZATION in the subject OPERATING SYSTEMS for III SEM BCA students – CBCS SCHEME, BANGALORE UNIVERSITY.

DINING PHILOSOPHER'S PROBLEM:

PROBLEM STATEMENT: The dining philosopher's problem states that there are 5 philosophers sharing a circular table and they eat and think alternatively. A hungry philosopher may only eat if there are both chopsticks available. Otherwise a philosopher puts down their chopstick and begin thinking again.

PROBLEMS OF DINING PHILOSOPHER:

Prob 1: DEADLOCK

Prob 2: STARVATION

Prob 3: GREEDY PHILOSOPHER

SOLUTIONS FOR THE STATED PROBLEM:

Sol 1: CONDUCTOR SOLUTION (semaphore as conductor)

Sol 2: RESOURCE REQUEST

PARTICIPATIVE LEARNING – 5 volunteered students were explained with the problems and solutions for the selected concept, and they all enacted on stage as 5 philosophers and the concept was explained to the class with demonstration.

Flipped Classroom

FLIPPED LEARNING: “By flipping the classroom” traditional homework is done in class, while listening to class lectures becomes the homework.”

A Flipped Classroom has lot of benefits :

- ➔ Teachers can spend more one-on-one time with their students during a flipped classroom
- ➔ Students can apply in class what they learned at home
- ➔ Students who are more advanced can breeze through the lectures from class time
- ➔ Flipping makes your class transparent
- ➔ Problem-based learning. Class time can be spent working on problems that can last for the duration of a semester

An activity was conducted for III year BCA students on 22th of DECEMBER 2021 in DATA COMMUNICATION AND NETWORKS class on the topic “TRANSMISSION MEDIA”.

To deliver some academic concepts, the best way of teaching technique is involving the students and making them to teach the concepts by considering them as TEACHERS and TEACHER flipped as a STUDENT and listening to their lectures. This makes the tricky and difficult concepts crystal clear.

This topic is included in the ACADEMICS under DATA COMMUNICATION AND NETWORKS subject for V SEM BCA students – CBCS SCHEME, BANGALORE UNIVERSITY.
