27th February. 2021

To,
Prof. (Mr). Srinivas. A,
Bengaluru.

Dear Sir,

Heartiest Congratulations,

We are happy to inform you that your name is being **considered** for the Prestigious **Dr. APJ Abdul Kalam Life Time Achievement National Award** for your remarkable achievements in the field of **Teaching, Research and Publications**. The purpose of the award is to Recognizing, Honor and Encourage to promote your profession.

Great personalities, many VIP's from different vocations will present the Award with great **honor in the heart touching event**.

The colorful programme will be held at **ADA Ranga Mandira, Bengaluru during March 2021**. The exact date of the programme will be informed to you soon after you complete all the **formalities**.

The NAAC Committee of UGC is recognizing this award.

We will arrange to send the award by post if required.

With Kind Regards,

(Dr. Shivappa)

Harsha HD – Academic Excellence Award by Mitra Jyothi

Harsha HD is an amazing, ambitious young boy. Irrespective of being 100% blind, he took commerce during his pre university wherein majority go for HEP. Also took computer science as additional course.

He faced many challenges which created more interest in him and he joined BCA after completing his PU successfully with 80%. His BCA journey gave him lot of exposure to get to know about accessible solutions and materials, various NGO sources to get support. Though the initial year was very tough for him to get adjusted with the subjects especially Mathematics, later he learnt to find solutions and different options to proceed.

With the learnings he completed his BCA successfully and scored 72% and pursuing MCA currently with the same enthusiasm in Surana College, Kengeri.

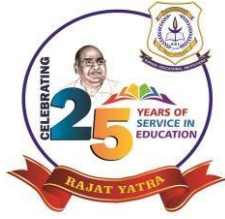

Harsha is always thrilled to share his experiences, knowledge gained and various solutions identified by him with other Visually Impaired students; his wish is to get many more aspiring Visually Impaired young students to take subjects like Commerce, Computer Science, and Mathematics & Science. Hence he started working as well in parallel – worked as a mentor to teach Java Programming language for VIs in Winvinaya Foudnation, worked as an Accessibility Tester in Tek Systems to gain real time exposure and currently doing core role in Programming World for Visually Impaired's initiative. Through www.pwvi.org he is coming up with accessible coding along with few training materials and sharing with wider audience time to time.

Mitra Jyothi would like to appreciate his tireless effort; wish him success in his higher studies and all future endeavours. Also, we are sure many Visually Impaired students will get into different degrees and students like Harsha will be an example.
