

## SURANA COLLEGE BANGALORE

The **Vision** of Surana College is “To become the educational institution of preferred choice by ushering the convergence of knowledge, skills & values through holistic education.

This holistic education is provided to every student at the college by assessing their capabilities, talents, and passion by the mentoring team when they join the college.

Among these is a program that was conducted to develop leadership qualities in students. Youngster of the current generation will be our leaders in the future. *Leadership is primarily a matter of removing barriers so that people can act with freedom and independence. Leadership, encourages and stimulates action from workers by innovating them in planning and decision-making activities.*

Student support cell played an active role in bringing out the leadership program. The leadership program was organized by the student support council on 28th July 2018. Ms. Maya Chandra, Independent film maker delivered a guest lecture on leadership qualities and capacity building.
