BEST PRACTICE 1: Endorsement of Patriotism

Students form the major voice in India. Teacher educates and moulds the students into the future leaders. Teacher lures and helps a student to understand his/her abilities and help them become a better human being. Hence it is important to provide platforms that are conducive to learn. The youth have the strong inbuilt sense of patriotism. They express their opinions, as they are concerned about the future of the county. So it is important to motivate students towards constructive path by introducing the leader quality in them to cultivate patriotism. In this context it is important that the youth of the country is properly informed of their responsibility and this part is to be played by educational institutions.

Surana College works with the vision of nation building. Each student's interest and capability is assessed. Efforts are made to allot mentors who will guide them towards their special field of interest and find future.

NSS: This practice involves in identifying the importance, of NSS in higher education which in turn create social responsibility among the students. Social sensitisation for students is part of nation building. NSS organises various activities to involve students in meeting citizens especially in flood hit areas and helping financially and in rebuilding houses.

*Community Extension Activity .Uttar
Karnataka 24th August*

Paneendra wins NSS award and institution

Study centres of Mahatma Gandhi, Vivekananda, Buddha and Ambedkar have been established to educate students on the civic responsibilities. Many sessions were arranged so that students are aware of the insights of these great personalities. Constitution is taught and youth parliament is also conducted for the betterment of the students.

A " School Bell" Project**

BEST PRACTICE 2: Enhancing Quality Improvement Program

The Quality Improvement Programme (QIP) was implemented by Surana College with the main objective to modernize the expertise and capabilities of teachers of the institution. The program is being implemented and monitored by the IQAC of the college

IQAC aimed at improving the standard and quality of teaching by upgrading of the knowledge of the faculty members in the various fields. It has been recognized that, one of the most important factors determining student achievement is the 'quality of teachers' that shows a stronger relationship to pupil achievement. The concept of lifelong learning ecosystem will have to be embedded and developed among youths. On this context, IQAC has been promoting and scheduling various Quality Improvement programs (QIP) and faculty development programmes (FDP) to teaching fraternity.

Faculty Development Programme was conducted on MOOC and Teaching Techniques on 4th and 5th November 2019. Dr. Anjan Krishnamurthy, BMS College of Engineering, Bangalore and Ms.Vahini, Bangalore University were the resource persons. They enlightened the faculty members with their experience in preparing POs and Cos.

FDP was conducted on "Management lessons from Panchatantra". Panchatantra teaches the value of justice and life lessons while entertaining.

QIP was conducted for Chemistry Department by Dr.Divya, Department of PG Chemistry, BMS, College, Bangalore. . The teams worked out a question – answer model to help slow learners and improve them.

QIP was conducted for B.Com Department by Prof.Savitha Sastry and Prof.Raghunandan, PG Centre, Surana College, Kengeri on 5th Feb, 2020
