Bangalore

Respected Sir,

**Sub: Requisition to consider our student for an internship program**

This is to introduce you to our student Mr. Rahul.K.V. (III B.A) who has keen interest in Psychology and would like to pursue his career in the field.

Based on our earlier collaboration, I was given to understand that your esteemed rehabilitation centre offers internship programs catering to students of all specializations. With respect to this, I request you to kindly consider the candidature of Mr. Rahul.K.V for a month long internship program. This would help him obtain the most needed practical exposure in the field under your expertise guidance.

We look forward to a mutually benefitting professional association.

Thank you.

## **SURANA COLLEGE P G DEPARTMENT DEPARTMENT OF MBA**

### **Field visit**

**Industrial visits and Educational Tours are very much part of the curriculum at Dept. of MBA.**

1. An Industrial visit for 3<sup>rd</sup> semester MBA student to Cocacola plant near Bidadi, Bangalore was arranged on 26<sup>th</sup> September 2013.

2. An Industrial visit for 1<sup>st</sup> and 3<sup>rd</sup> semester MBA student to Karnataka Soaps and Detergent Limited (KSDL) Bangalore was arranged on 9<sup>th</sup> October 2013.

- An Industrial visit for 3<sup>rd</sup> semester MBA student to Toyota Kirloskar Motor Private Limited, Bidadi, Bangalore was arranged on 21<sup>st</sup> October 2013.

- Students from 1<sup>st</sup> semester MBA were taken for Outbound Learning on 9<sup>th</sup> November 2013 to Out2Learn campus located at Ravugodlu on Kanakapura Road. Students were taken for trekking and Challenge Course.

5. An Industrial visit to Stock Market Institute (SMI), Bangalore was organized on 15<sup>th</sup> November 2013.

**HOD**

# **A VISIT TO BOTANICAL GARDEN(Lalbagh)**

**BSc (CBBt) Dept of Botany**

**14/09/2014**

**(2013-2014)**

## **OBJECTIVES OF FIELD TRIP**

- Broaden the knowledge through the introduction of tropical plant diversity especially seed plants.
- As a training tool for the planning and implementations of direct observation of specimens in their habitat.
- Explore the possibility of a chance to do research for collaboration.

The Field visit was to the Lalbagh Botanical Garden which is situated in Southern Bangalore. The garden was originally commissioned by Hyder Ali, the ruler of Mysore and later it was finished by his son Tippu Sultan. The garden is located on 240 acres of land with well maintained trees, plants, all types of flowering plants, lawns and ponds. It is a center for study on Agriculture, Systematics, Taxonomy, Horticulture, Ethnobotany, Ecology, Ecosystems, Floristics and Forest Management Systems.

V Semester students from CBBt were taken to the Garden on 19<sup>th</sup> September 2014. Along with the Lecturer the visit was conducted based on the curriculum/syllabus where the students study and observe the plants to identify and name it along with their botanical name and local name.

**INDUSTRIAL VISIT REPORTS FOR THE YEAR 2014-15**

**FIRST YEAR STUDENTS VISITED VOLVO CONSTRUCTION COMPANY ON 13-08-2014**

I year BBA students were taken to Volvo Construction Company, Peenya on 13/8/14.

The Volvo Group is one of the world's leading manufacturers of trucks, buses, construction equipment and marine and industrial engines.

The brand portfolio consists of Volvo, Volvo Penta, UD, Terex Trucks, Renault Trucks, Prevost, Nova bus and Mack. We partner in alliances and joint ventures with the SDLG, Eicher and Dongfeng brands.

## **INDUSTRIAL VISIT TO PRERANA PACKAGING INDUSTRY & ELEGANCE EMBROIDERY-15/10/14**

II year BBA students were taken to Prerana packaging industry, Navoday Packaging industry on 15/10/14.

Prerana Packaging Industry was started in the year 2001. They started the business for the purpose of packaging and printing. Girish Basappa's father started GIRI PAPER PRODUCTS in the year 1985 then it was later carried on by the above said person. Their primary component is food packaging and they are one of the leading packaging industries in the city and they have the direct tie up's with customers and the packaging work is done for the companies like MTR, Britannia, Café Coffee Day, Adigas, Mayyas, etc. When the company was started they used to use Brown Box for Packaging Purpose and later on White Duplex Board was used for the Packaging. Where in this packaging is done for the best FOOD GRADE BOARD (ITC) which is an ELEMENTARY CHLORINE FREE PACKAGING (ECF). Their investment is around 1.5 Crores and has a turnover of 3.5 Crores wherein they gain a profit of 20-25%. They have the pay scale of 5000-15000 according to the Position of the employees. Prerana Packaging Industry has a Financial Support of SYNDICATE BANK. They get the materials from DANDELI PAPER MILL, TAMIL NADU, ANDRA PRADESH, etc.

NAVODAYA PACKAGING INDUSTRY is basically a Tissue Paper Manufacturing Industry which manufacture products like Packaging Rolls, Tissues, Pharmaceutical Tissues, Toilet Tissues, Tissue Towels, Paper Plates, Paper Bags, and Paper Napkins.

ELEGANCE EMBROIDERY INDUSTRY is basically a TEXTILE ORIENTED UNIT which does the work for Home Furnishing like Curtains, Sofa Covers, etc. It was started in the year 2000. This embroidery work are done for the exporting purpose for countries like Europe, North Asia. Pure silk fabric is used where in the designs are drawn by using WILCOM Software. Basic cost of machine is around 25Lakhs and this machine has the capacity of stitching 4-5 Lakhs stitches per day. From past 200 years hand embroidery is carried out but from recent years Machine Embroidery is done.

INDUSTRIAL VISIT TO PRERANA PACKAGING INDUSTRY & ELEGANCE EMBROIDERY-15/10/14

## **INDUSTRIAL VISIT TO COCA-COLA-15/10/14**

Students of III BBA were taken to coca cola factory, Bidadi on 15/10/14.

Hindustan Coca-Cola Beverages Pvt. Ltd, is one of India's largest FMCG manufacturing and distribution companies. It is responsible for the manufacture, package, sale and distribution of beverages under the trademarks of The Coca-Cola Company. The Company owns and operates 21 factories. It also sources from and supports 11 contract packers' plants. A network of 4,000 distributors and over 1.9 million retail outlets distribute the high quality, great tasting beverages manufactured by Hindustan Coca-Cola Beverages.

The Coca-Cola Company trademarks, it also leads world class governance systems for the operations of all partners in bottling, suppliers, distributors and other stakeholders.

## **FIELD VISIT 14-15**

Students of BSc (CBBt) were taken to visit GKV (Gandhi Krishi Vidya Kendra), UAS, BANGALORE on Saturday 28<sup>th</sup> February as part of the curriculum. The university was established in the year 1964 spreading across 1300 acres of land. It offers many undergraduates, post graduates and research courses mainly related to agriculture. The students were made to visit the Plant Pathology and Microbiology Laboratory to know and understand the subject and to have hand on experience. The Professors of the respective laboratories Mr. Somsunder explained the students about how plants are attacked by the micro-organisms and how the disease can be identified and what are the control measures for those particular diseases can be applied. Similarly Mr. Krishna Naik from microbiology unit explained in brief how the microorganisms can be cultured and isolated for the study of its mode of infection, disease cycle and life cycle of a particular plant.

*NINASAM CULTURAL COURSE*

*2014*

# NINASAM SAMSKRUTHI SHIBIRA:

## NINASAM CULTURE COURSE - NINASAM SAMSKRUTHI SHIBIRA

The culture Course has been one of Ninasam's major annual events for the last two decades. Held over 7 days every October, the course is designed around a specific theme, and organizes a combination of special lectures on the theme, lecture-demonstrations, discussions on appreciation of art forms during the day-sessions, and series of cultural programmes in the evenings.

The culture course was normally directed and co-ordinated by the literary legend Jnanapeetha awardee Dr. U.R. Ananthamurthy until his demise in 2014. Around 300 participants are selected through a very stringent screening and this includes people from all walks of life. Students, doctors, teachers, bank employees, bus conductors, social workers, artists, writers, journalists.... It is a mixed group and the amazing fact is everyone will benefit from this course in one way or the other. Every day is packed with serious talks by very eminent scholars invited from all over India and abroad from various fields. Short movies and documentaries are shown discussing the chosen theme.

Ninasam has been contributing a lot to our literary, cultural and social scenario in our state and as an organization it surely has an important role to play in the national level also. It is an important institution of the country and we all have to cherish and protect this for our future generations

## **Ninasam Samskruthi Shibira : 2014**

Ninasam cultural course for the year 2014 was held with grace and grandeur from 2<sup>nd</sup> October 2014 to 9<sup>th</sup> October 2014. It was a celebration of the indigenous culture and art which had two 3<sup>rd</sup> semester B.A. students, i.e. Rahul and Ajitha Ghorpade, of the 2014 batch and faculty DR. VISHALA VARANASHI attending the workshop and representing Surana College.

This cultural convention and celebration was held at HEGGODU in SAGAR TALUK of SHIMOGA DISTRICT.

### **ACTIVITIES CONDUCTED:**

NINASAM CULTURAL COURSE 2014 consisted of many informative and interactive as well as entertaining activities like talks about culture by various eminent speakers. Every evening would then have cultural activities like drama, folkdance, folk song etc.

## **SURANA COLLEGE P G DEPARTMENT DEPARTMENT OF MBA**

### **Field visit**

1. 1<sup>st</sup> semester MBA were taken out for Outbound Learning on 19<sup>th</sup> August 2014 to Out2Learn campus located at Ravugodlu on Kanakapura Road, about 35 km from Bangalore. Students were taken for trekking and Challenge Course/Rope Course and other team building activities which helped them to inculcate various insights of managerial skills.

2. Industrial visit for 1st semester MBA student to **Coco-Cola** plant near Bidadi, Bangalore was arranged on 21th August 2014. Student understood the process of making Cola and equipment which is used to prepare the same.

3. As a part of academic programme, I and III semester MBA students were taken for Industrial visit to Micro Labs Limited (Cephalosporin Manufacturing Facility) on 27<sup>th</sup> September 2014. The students were accompanied by Prof. Tabreez Pasha and Prof. Reshma. Students visited the plant and learned the process of Manufacturing (inbound logistic, operations, outbound logistic) and packaging of Micro lab products. It was a great practical experience for the students.

4. On account of National Library Week, IIM, Bangalore library visit was organized for MBA students on 13<sup>th</sup> November 2014. 65 students, 3 faculty member along with Librarian Mr.Gururaj, had visited the library.

**DEPARTMENT OF MANAGEMENT**  
**Report On Visit to Bio-park**

The Department of Environmental Science of Bangalore University was established in 1992 to mainstream the scientific methods and technologies related to Environmental Science in the main curricula of the University. Incidentally the year 1992 was the Year of the UN Conference known as the Rio Summit and Agenda 21 for Environmental Protection and Conservation.

Primary mission of the Department of Environmental Sciences is to impart environmental knowledge to students and develop research and evaluation programmes. Towards this end, the laboratory of the department has been provided with infrastructure facilities to meet the requirement of water, air, soil and biological sample analysis. The Environmental Science laboratory of Bangalore University is recognized under EPA (Environmental Protection Act), 1986 way back in 2002. Following this, the department is getting samples from various public and private undertakings, Govt. agencies, etc. Standards protocols for the analysis of the samples have been developed.

Our 3<sup>rd</sup> Semester BBA Students were exposed to a host of fields during this visit such as Environmental Biology, Environmental Chemistry, Environmental Pollution, Biostatistics, Waste Management, Remote Sensing and its applications, Natural Resource Management and Biodiversity, Disaster Management, Environmental Energy, and Conservation **at Bio-Park (Chakravana)** and Environmental Museum of Minerals & Rocks. This has enabled them to briefly understand the environmental concepts. This visit was part of their curriculum “Science and Society”.

TO WHOM SO EVER IT MAY CONCERN

This is to certify that Mr. Pramod N has worked on the subject Customer Satisfaction Towards Shopnix at Cloudnix. Shopnix is a e-commerce product at Cloudnix Software Labs Pvt Ltd and has a customer base of 100 plus across various segments. One customer with Shopnix was chosen and their customer base was sampled to arrive at the present trend analysis in E-commerce. This report will help categorize the segment of population who are presently using the technology to meet their shopping needs, which in turn will help Shopnix to market the product according to the needs of the population with their customer base and provide inputs pertaining to the trends in ecommerce for expanding their customer base.

Mr. Pramod worked on this project during his tenure at our office and gave valuable inputs during the tenure of the project.

We wish him a successful career ahead.

*NINASAM CULTURAL COURSE*

*2015*

# NINASAM SAMSKRUTHI SHIBIRA:

## NINASAM CULTURE COURSE - NINASAM SAMSKRUTHI SHIBIRA

The culture Course has been one of Ninasam's major annual events for the last two decades. Held over 7 days every October, the course is designed around a specific theme, and organizes a combination of special lectures on the theme, lecture-demonstrations, discussions on appreciation of art forms during the day-sessions, and series of cultural programmes in the evenings.

The culture course was normally directed and co-ordinated by the literary legend Jnanapeetha awardee Dr. U.R. Ananthamurthy until his demise in 2014. Around 300 participants are selected through a very stringent screening and this includes people from all walks of life. Students, doctors, teachers, bank employees, bus conductors, social workers, artists, writers, journalists.... It is a mixed group and the amazing fact is everyone will benefit from this course in one way or the other. Every day is packed with serious talks by very eminent scholars invited from all over India and abroad from various fields. Short movies and documentaries are shown discussing the chosen theme.

Ninasam has been contributing a lot to our literary, cultural and social scenario in our state and as an organization it surely has an important role to play in the national level also. It is an important institution of the country and we all have to cherish and protect this for our future generations.

## **Ninasam Samskruthi Shibira : 2015**

Ninasam cultural course for the year 2015 was held from 8<sup>nd</sup> October 2015 to 12<sup>th</sup> October 2015. Surana college students have been participating in the course since the past 6 years. This year 2 students – NIVEDITHA, KUSHAL and AAKASH of 3<sup>rd</sup> Semester BA were given the opportunity to attend the cultural course with faculty Dr. Vishala Varanashi.

This cultural convention and celebration was held at HEGGODU in SAGAR TALUK of SHIMOGA DISTRICT.

The theme of the workshop was “CHINTHANE – PRATHICHINTHANA”

### **ACTIVITIES CONDUCTED:**

NINASAM CULTURAL COURSE 2015 had cultural activities, live performances and seminars by various stalwart theatre artists and professionals.

The speakers who conducted talks and seminars were SHIVA VISHWANATHAN, DEVDUTT PATTNAIK, JAYANTH KAIKINI, VYDEHI and many more great personalities from various professional fields.

The plays performed in this event were GUNAMUKHA, THAARTHOOF, ORESTHIS PURANA etc.

Respected Madam,

Sub: Grant of Funds for Industrial Visit

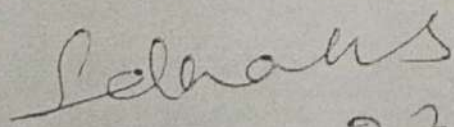

As part of M.Com, curriculum the students have to be taken on Industrial Tour to help them to bridge the gap between Industry and Academics

For the same reason we had collected Rs.3500.00 (Rupees Three thousand five hundred only) from each student studying in Final Year.

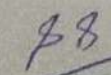

We request you to grant the same, so that we can make arrangements for industrial tour for final year students in the month of March-2016.

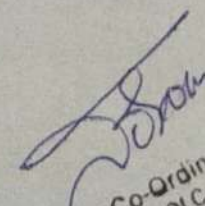

Hoping that you will oblige our request

Regards

## **SURANA COLLEGE P G DEPARTMENT DEPARTMENT OF MBA**

### **Field visit**

1. A one day program on 25 April 2015 to expose students to great corporate learning environment was arranged for MBA and MCA students. Through this on campus event, students of MBA and MCA assessed their industry readiness and calibrated their aspirations. A meeting with senior Infosys executive who shared the Infosys story and the experience was really interesting. Senior employee of Infosys demonstrated by experience sharing that it is possible to dream and achieve. It helped students to identify their hidden talents and awaken their potential to excel.

2. Industrial visit, organised by Surana college P G centre to Titan Industries Ltd.. Watch Division, Hosur, on 9<sup>th</sup> May 2015. 40 students from MBA II Semester visited Titan Industry, students experienced and learned manufacturing process, quality check and various activities of operations.

3. Industrial visit to TVS, Hosur was organised on 12<sup>th</sup> May 2015. 50 students from visited TVS Company. Students experienced and learnt about Plant Layout, manufacturing process, quality check and various activities of operations.

- Industrial visit to Toyota Kirloskar, Bidadi was organised on 21<sup>st</sup> and 28<sup>th</sup> May 2015. Students experienced and learnt about Plant Layout, manufacturing process, quality check and various activities of operations.

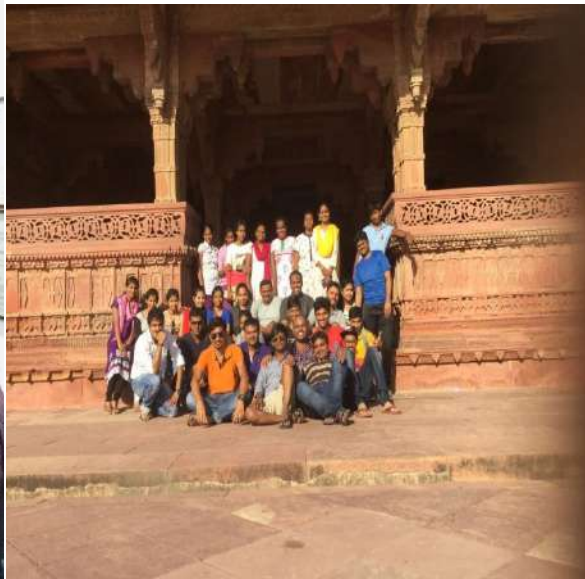

- Industrial visit for MBA students Batch 2014-16 & 2015-17, visited the Container Corporation of India (CONCOR) on 23<sup>rd</sup> Sep 2015, at Inland container depot at Whitefield, Kadugodi. Mr. M P Vijayakumar – General Manager, Operations received the students at the ICD and Mr. Subhash – AGM, Operations took the students for a detailed tour inside the ICD and Bonded warehouse and explained about the activities that happen at the ICD and the role of ICD in export-import trade.

6. Industrial tour was organized for III semester MBA students for Agra, Jaipur and Delhi from 1<sup>st</sup> Oct to 09<sup>th</sup> Oct 2015. Prof. Tabreez Pasha, Prof. Reshma and Mr. Gururaj FD, Librarian, accompanied students. On 3<sup>rd</sup> Oct 2015 students visited Dawar Footwear Company and learnt the manufacturing process, Inventory management, packaging and other operations.

7. As a part of academic programme, I semester MBA students were taken for Industrial visit to Micro Labs Limited (Powder Plant) on 17<sup>th</sup> Oct 2015. The students were accompanied by Prof. Reshma Prof. Prashanth PB. Students visited the plant and learned the process of Manufacturing (inbound logistic, operations, outbound logistic) and packaging of Micro lab products. It was a great practical experience for the students.

**SURANA COLLEGE.**  
**DEPARTMENT OF MANAGEMENT**  
**INDUSTRIAL VISIT REPORTS FOR THE YEAR 2016-17**

**VISIT TO RBI, BANGALORE ON 5/10/16**

Reserve Bank of India (RBI) is the central bank of the country. The Reserve Bank was established in 1935 by the Banking Regulation Act, 1934 with a capital of Rs. 5 cr. Initially the ownership of almost all the shares capital was in the hands of non-government share holders. So in order to prevent the centralization of the shares in few hands, the RBI was nationalized on January 1, 1949.

Our final year students got the opportunity to visit RBI, Nrupathanga road, Bangalore on 5/10/16. They were familiarized to various functions of RBI like issue of notes, credit control, price stability, promotion of economic growth etc. They gave a lecture on financial literacy to the students.

## INDUSTRIAL VISIT TO K C DAS [L M FOODS] ON 21/2/17

Students of II year BBA went to K C Das a subsidiary of L M Foods. Students got the opportunity to see manufacturing & packaging of sweets. The distribution channel was also explained to them.

16-17.

**Report on Industrial Trip – 2016 -17**

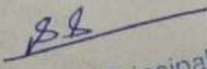

Industrial Vist Details:

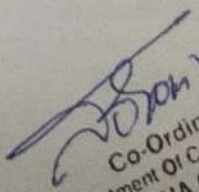

No. Of Students: 30Students (list Enclosed)

Date of departure: 17<sup>th</sup> March 2017 time : 9:15PM,Reached Dhandali, flycatchers Adventure Camp at 7:30 AM, 17th March 2017 had daylong Activities for the students . Early morning at 8:00 we left to Visit Paper Factory. Unfortunately at half the way we received a call from the authorities for cancellation of visit as they have international visitors. We had to change the route and visited tribal cottage industries of artifacts, self help group's at Sirsi Taluk . Bharghavi (student of MCom ) who had visited them earlier helped us in briefing the activities. At last we visited 2<sup>nd</sup> century old Mudukeshwara Temple at Banavasi and left to Bangalore by 9:00Pm

Food provided by the tour operator was good. Transport and activities were satisfactory.

Dear Sir,

Sub: Permission to Visit RBI

As you may be aware, Surana College is one of the most reputed, Post Graduation College in Bangalore and known for its excellent record in academics and co-curricular activities.

The College offers both UG & P G Courses. With the state - of the art facilities and competent faculty provide an excellent climate for the all round development of the students.

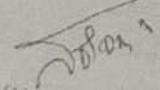

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory. In the above background, we would like to send a batch of about 40 students of Post Graduation Department of Commerce (MCom) branch of III semester accompanied by 2 staff members to visit your esteemed industry preferably on/ during October 2017.

I request you, to kindly accord the necessary permission for the above visit. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

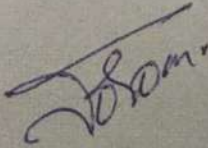

We shall be grateful for a favorable response.

Thanking You,

Yours faithfully,

14/03/2017

To:  
The Principal,  
Surana College,  
Bangalore.

Respected Madam,

Sub: Request for approval to take students to Visit RBI Bangalore.

As a part of the curriculum, the students are required to undertake Industrial Visits. Thus, We had made a request to Reserve Bank of India(RBI),Bangalore, for which they have responded and advised us to be in their campus by 10:15am on 21<sup>st</sup> March,2017.

We request you to provide permission to take our students and avail the College Bus facility.

Hoping that you would oblige our request.

Regards

DigiMark Agency

ADDING VALUE TO YOUR DIGITAL SPACE

Dear Concern,

I writing you to represent Digimark Agency. This is Ranjith. I'm the founder of the company. We are a digital marketing company located in Bangalore.

Hemanth Kumar B.V who is MBA student from Surana College has done one month of Internship on digital marketing in our company. Hemanth started his internship on Aug 12th and finished on Sep 12th and is regular to office.

We have given him understanding of digital marketing initially and we gave him a chance to work on live project (Orient Cement). During the tenure of internship he has learnt to use digital marketing tools & techniques.

Hope to see more number of students from your college to attend our digital marketing internship programme in future.

Thanks & Regards,

**Ranjith Reddy**

Founder, Digital Marketing Strategist

## **BSc -Dept of Biotechnology Field Visit to Namdhari Seeds on 22/09/2015 (2015-2016)**

The students of B.Sc. CBBT had a field day at the Namdhari Seeds, Bidadi farm on the 22<sup>nd</sup> of September. The farm is spread across 200 acres and they have state of the art R & D centre and green houses designed by scientists from Israel. The students and staff visited the labs and the farm and understood how artificial pollination and tissue culture is done. The R & D centre holds advanced PCR and seed testing machines and a very big tissue culture lab. They were shown a corporate film about Namdhari seeds which explained how from its humble beginning the organization has established itself in various countries apart from India with its spread across 4000 hectares. The teachers of the department and staff of the college joined the students on this visit.

*NINASAM CULTURAL COURSE*

*2016*

# NINASAM SAMSKRUTHI SHIBIRA

## NINASAM CULTURAL COURSE – NINASAM SAMSKRUTHI SHIBIRA

The culture Course has been one of Ninasam's major annual events for the last two decades. Held over 7 days every October, the course is designed around a specific theme, and organizes a combination of special lectures on the theme, lecture-demonstrations, discussions on appreciation of art forms during the day-sessions, and series of cultural programmes in the evenings.

Around 300 participants are selected through a very stringent screening and this includes people from all walks of life. Every day is packed with serious talks by very eminent scholars invited from all over India and abroad from various fields. Short movies and documentaries are shown discussing the chosen theme.

Ninasam has started small training programs in the recent years which takes place early mornings on all seven days of the culture course. The participants of the culture course are free to join any of the two i.e Photography and Drama. These are not actual training, they are more of initiating a novice into that field. Its open to all ages and one can see people of different age groups participating in these workshops without any inhibition.

Ninasam has been contributing a lot to our literary, cultural and social scenario in our state and as an organization it surely has an important role to play in the national level also. It is an important institution of the country and we all have to cherish and protect this for our future generations.

## **NINASAM SAMSKRUTHI SHIBIRA 2016:**

Ninasam Samskruthi Shibira or Ninasam Cultural Course is a cultural workshop attended by the students of Surana College since the past 7 years.

Ninasam cultural course for the year 2016 was held from 8<sup>nd</sup> October 2016 to 12<sup>th</sup> October 2016. MADHURA from 2<sup>nd</sup> year M.COM and ANUSHA from 3<sup>rd</sup> year B.SC, and faculty DR. VISHALA VARANASHI attended this cultural workshop which was held at HEGGODU in SAGAR TALUK of SHIMOGA DISTRICT.

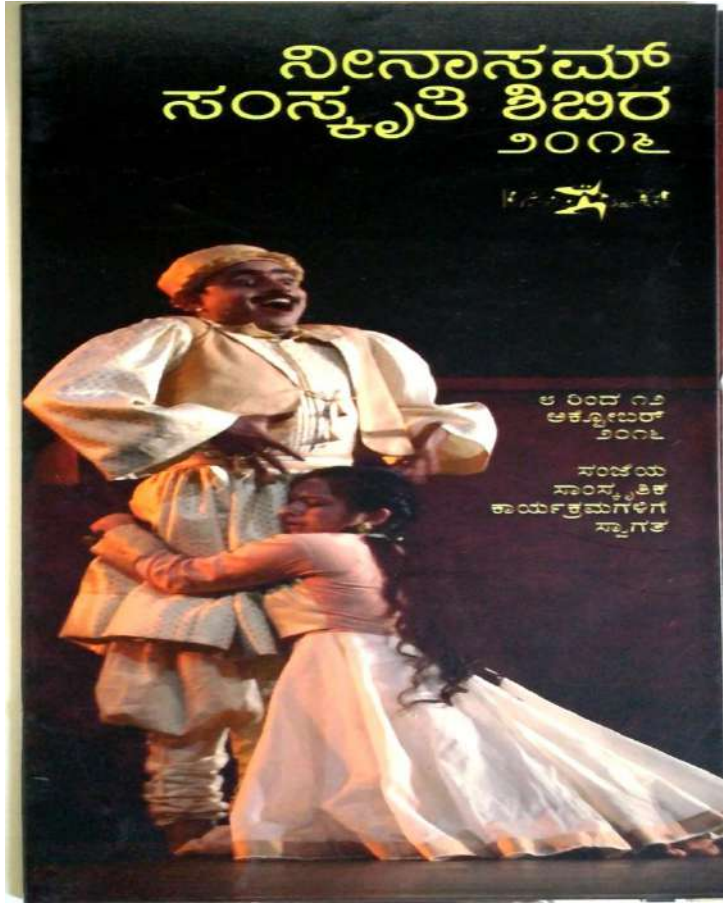

The theme of the course was “BAHUTVA”.

### **ACTIVITIES CONDUCTED:**

NINASAM CULTURAL COURSE 2016 had cultural activities, performance of various plays and interactive sessions held by various theatre professionals and eminent orators on the theme “BAHUTVA”. The most important speakers of the workshop were JAVED AKHTAR, CLAD ALVARES, HARISH TRIVEDI, DARSHAN SHANKAR et.

The plays performed in this event were KAALANDUGEYA KATHE, ATTHA DARI ITTHA PULI, MAALATHI MADHAVA etc.

Dear Madam,

This refers to email from Shri Satyanarayana R, Lecturer, dt 27.1.18.

In this respect, the following conditions are required to be complied with strictly:

1. The maximum number of persons permitted is 08, inclusive of students and staff.
2. If the number exceeds 08, the visit would be cancelled.
3. Safety is most important. The students are required to wear shoes instead of sandals.
4. Visitors without shoes shall not be permitted.
5. Helmet must be worn during the visit, which shall be issued on returnable basis by Salem Steel Plant.
6. During the visit to the plant, the students must abide by the safety rules and regulations.
7. The visitors should arrive together in a single bus with adequate capacity and not through public transport or individual vehicles.
8. Visit to Steel Melting Shop (SMS) is prohibited.
9. The list of members and age visiting the plant in your institution's letterhead duly signed by the Head of Institution in duplicate must be sent two days in advance, as per format enclosed.

Subject to the above conditions, your request for plant visit (B.Com) has been granted on 21.2.2018. The visit would be between 9.15 am to 12 pm only. Please adhere to the time schedule failing which the visit shall be cancelled.

Yours faithfully  
For SAIL/Salem Steel Plant

### Industrial Visit Report on Salem Steel Plant

As a part of curriculum requirements, the commerce department had organized industrial visit to SSP on Feb, 22<sup>nd</sup> 2018, students were taken to Hot Rolling Mill and Cold Rolling Mill and given exposure to the production of steel slabs, students also were told about current demand situation and financial position of the company. This visit indeed was great experience to students as we had to go through lot of procedure to enter into the plant.

Students were shown how the scrap is bought and melted in high degree, which is further melted in 80mm steel slabs, this stage is called SMS (Steel melting ship), then these slabs are re-heated at 1200 degree Celsius, after this process these slabs are moved to roughing mill where these slabs are transferred to the next mill with cylindrical steel slabs which makes the slabs to get ready expand. Further they are treated with compressed air, industrial water and many other complex chemicals. At last these 80 mm slabs are reduced to 0.4 mm.

In the down coiler stage these sheets are coiled into a gigantic steel roll, which measures upto 1280mm and weighs 50 ton. Then this red hot steel roll is cooled with industrial water and sent to the conversion to make stainless steel.

The process of converting the carbouised steel into stainless is extremely complicated. These steel rolls go in between to rolls called coiler and uncoiler which stretches the steel rolls to coat the steel with 18% chromium and 9% nickel, they together strengthens the steel and avoids rusting. This process is called analing and prickeling. This stainless steel grade is 304.

In the next stage the rolls are sent sendzimir mill which is called the mother of the production of steel, because these rolls are polished with HF and HMOz and exposed to GAMA rays. These steel rolls are reduced to 1.6 mm.

These are steels can be either finished or semi finished as it depends on the customer requirements. These rolls are bought by famous by customers like L&T, BHEL and also defense etc...

Dear Sir,

Sub: Thanking Note

We appreciate your support in arranging Industrial visit for our B.Com students.  
This is a great opportunity for our students to get exposure in various aspects of  
this mega industry.

We are pleased with your immediate response to our request and we thank you for  
this great opportunity.

With Regards

**Surana College**  
**Department of Commerce**  
**Industrial Report 2017-18**

Department of Commerce arranges industrial visit for students every year to enhance practical knowledge by taking them to different industries like FMCG, manufacturing sectors, agricultural industries and so on. This activity develop students insight about Industrial activities like purchasing of raw material, production process, warehousing, stock maintenance, marketing, packaging, account maintenance, etc. Besides these it also gives an opportunity for students to get exposure of advance technology being used in different industries and to understand rapid changes of industries across different segments. For 2017-18 academic year, the students were taken to 'Pinnacle Electrodes Pvt. Ltd' and 'Jo Jo Frozen Foods (P) Ltd', Kumbalgotu Industrial Area, on November, 27<sup>th</sup>, 2017.

In 'Pinnacle Electrodes Pvt. Ltd' students could observe the various inputs used in manufacturing of welding electrodes and students were taken to three units: wire drawing unit, wire cutting machine and extruder to understand the complete manufacturing of welding electrodes. Finally students were taken to the store house and accounting department to understand stock maintenance at optimum level.

III Year B.Com Students in 'Pinnacle Electrodes Pvt. Ltd'.

On 30 September, the students of 3<sup>rd</sup> semester BCom, were taken to a industrial visit to Bangalore Milk Union Limited(BAMUL). It is located near Dairy Circle. Shri M.V Krishnappa(June 1, 1918- August 1, 1980), was the founder of BAMUL. He was also the member of Lok Sabha (1967-1979). BAMUL was inaugurated on August 30 2001 by Shri S.M. Krishna.

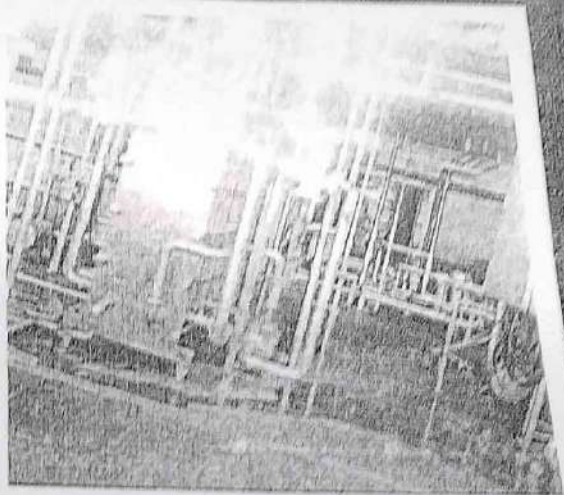

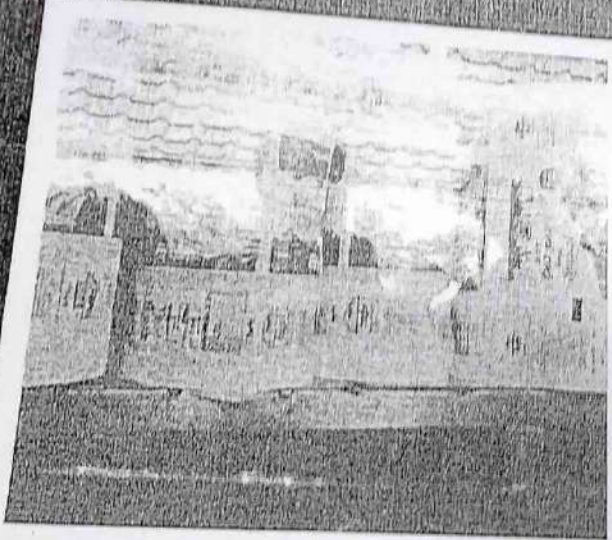

BAMUL is a mega dairy, i.e., it is fully automatic and computerised. Its total cost of establishment was 45 Crores. There are only two mega dairies in India, the other being in Gujarat.

The raw milk is collected from Bangalore urban, rural and Ramnagar. Then the milk is brought to the dairy in tankers and during transportation, it is not opened anywhere else except BAMUL. The capacity of tank in which the milk is stored is 8500-22000 litres. There are 7 chilling centres the largest being in Hoskote whose total capacity is 150000 litres. From chilling centres it is transferred to the main Dairy in aluminium cans. BAMUL is a profit making organisation it takes milk in kilograms and sells in litres and hence that difference makes their profit. The weight is calculated by the formula,  $\text{Gross weight} - \text{empty weight} = \text{Actual weight}$ . When the vehicles come to the dairy the fat content is all set and the vehicles are checked at the PCR's.

We learnt all the aspects of manufacturing and supplying milk. There are 7 types of milk: Ordinary, Samrudhi, HMC,DTM,Nandini, Shubam, Special. The milk is boiled and cooled immediately to kill the bacteria. This process is called pasteurisation. The pipes transfer milk from one place to another. The pipes are cleaned every 6 hours or so required by nitric acid, hard water and soft water. It is distributed all over Karnataka. Around 5000 packets are packed every hour.

**Industrial Report 2016-17**

Department of Commerce every year arranges industrial visit for students to impart practical knowledge. Industrial visit is one of the essential activity of the department and with this respect in 2016-17 academic year, the students were taken to Namdari Farms, Bidadi on 13<sup>th</sup> April 2017.

In Namdari Farms, students were given brief history about the farm and its expansion across the globe. Students were taken to the Accounting department to show how the various statements are maintained with respect to inventory. Besides this, students were also taken to the field to show the various technology like Green House technology, Nutrition feeding technology, etc. to cultivate different vegetables, greens and crops. Students were given exposure to the processing of cultivation and management of waste. Students acquired immense practical knowledge in areas like maintaining records of stock, packing, quality check and processing system of hybrid vegetables, fruits and various crops.

# NINASAM SAMSKRITHI SHIBIRA 2018

Ninasam is a cultural organization located in the village of Heggodu in Sagar Taluk of Shivamogga district in the state of Karnataka. Nilakanteshwara Nityaseva Samgha, an organization dedicated to the dissemination of Theatre and Culture.

This organization conducts a major event in its annual calendar, a 5 day cultural workshop on cultural appreciation called “Ninasam samskriti shibira” in which an average of **150** participants take part every year from all over India and not just Karnataka. This includes people such as writers, artists, social activists, cultural activists, lecturers, teachers, students, doctors, lawyers, engineers, business professionals, farmers, techies, journalists, shopkeepers, bus conductors, housewives you name it!

The cultural course was kick started by a poem “Bellakki hadyava” sung in a theatrical form by the ninasam theater students during the inauguration.

These people of multiverse have the rare opportunities of interacting with some of the best intellectuals and artists of contemporary India and such rare opportunity was given to us by Surana college and Kannada Dept. Thridip Suhrud, Claude Alvares, Vivek Shanbhag, Gopal Guru, Shivaananda keremane, Vaidehi, Pruthvidatta Chandrashobhi were some of the guests who took active participation in the discussions and debates held this time.

**Gathering of participants in the seminar hall for the day sessions conducted.**

The workshop sessions were divided into two parts: morning session and an evening session. Day sessions start with a discussion on the previous night's drama, followed by an intellectual discourse and aesthetic experience and lectures based on a sociopolitical theme, this year's theme being “**shikshanadalli kalikeya bikkattu**” ( education is the source of learning crisis). After lunch, the session would restart with an emphasizing short play followed by an analysis on that play.

**A few glimpses of the whole week's day sessions.**

**Discussion of the previous evening's play “Poolippaavai” in the seminar Hall, amongst the spectators and directors, on the next day and appreciation of the play by Akshara KV, director of Ninasam.**

An innovative narration of a Karnataka folk story of Yellamma by urban folk group under the title “Yellamma Kathegalu”.

“Mohana swamy” a play based on a story, about the life of a homosexual person, written by Vasudhendra, followed by discussion about the play among the director, author, actor and spectators.

A talk cum discussion by famous personalities on their field of work among the shibira participants.

**Sadananda Maiya**, founder of MTR and Maiya foods Pvt Ltd.

**Sukhanya Ramgopal**, Ghatam player and designer of ghata tarang and taal tarang concept.

**Dr. Prakash Amte and Dr Mandakini Amte**, philanthropic social workers

The evening session would be a theatrical play which would start at 7pm in the Shivarama Karantha Rangamandira, a 533-seat auditorium and an arena for a wide range of art performances.

**Glimpses of some of the evening plays performed in Shivarama Karantha Rangamandira.**

← **Setubandhana, a tirugata play directed by Akshara KV.**

**Poolippaavai, a play based on Tamil folk story.** →

← **Oedipus, a Greek mythology**

**Ashcharya Choodamani, a play based on Ramayana**

On the whole, the week long cultural festival was highly informational with various forms of folk and art. The Complete week was filled with quality cultural programmes and cultural appreciation courses, celebrating the festival of plays, music, dance, art, poetry, literature and cognition.

**Kolaata as a morning work out!**

**A world of art!**

**A snapshot with Akshara KV sir, director of Ninasam**

**A mind healing atmosphere, pure and energizing!**

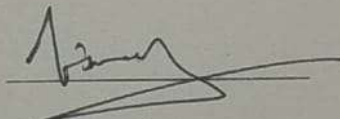

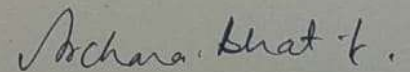

**TO WHOM IT MAY CONCERN**

This is to certify that **Ms. Gayathri M**, D/O- Mr. Murugan, a student of M.Sc. (Major in Psychology in IV semester), Surana Collage, Bangalore University, **Reg. No.16KXSM8009**. she has successfully completed 16 days (From 19<sup>th</sup> January, 2018 to 13th February, 2018) long internship program at Shoba Technology Pvt. Ltd. During the period of her internship program in HR Recruitment Process with us, she was found punctual, hardworking and inquisitive.

We wish Her every success in life.

For, Shoba Technology Pvt. Ltd.

Dear Sir,

Sub: Permission to Visit RBI

As you may be aware, Surana College is one of the most reputed, Post Graduation College in Bangalore and known for its excellent record in academics and co-curricular activities.

The College offers both UG & P.G Courses. With the state-of-the-art facilities and competent faculty provide an excellent climate for the all round development of the students.

As a part of the curriculum, the students are required to undertake industrial visits to a few industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory in the above background. We would like to send a batch of about 40 students of Post Graduation Department of Commerce (M.Com) branch of II semester accompanied by 2 staff members to visit your esteemed industry preferably on/ during October 2017.

I request you to kindly accord the necessary permission for the above visit. We assure you that our students will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit.

We shall be grateful for a favorable response.

Thanking you,

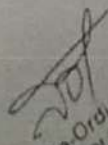

Yours faithfully,

## 2 – 2017 – 18 (Batch 2017 – 19 – I Sem )

### CHAPTER 1

## SUMMARY OF THE ORGANIZATION

### INTRODUCTION

A **consulting or consultancy firm** is a business of one or more experts (consultants) that provides professional advice to an individual or an organization for a fee.

Consultancy aim the executives of companies by providing them with consultants, also known as industry-specific specialists/consultants and subject-matter experts, usually trained in management or business schools. The deliverable of a consultant is usually advice or a recipe to follow to achieve a company objective, leading to a company project.

More and more consulting firms are complementing the strategic deliverable by providing the means to implement the recommendations, either with the consultants themselves or by providing technicians / experts, which has opened up new markets for these companies. This is called outsourcing.

Consulting services are part of the tertiary sector and account for several hundred billion dollars in annual revenues. Between 2010 and 2015, the 10 largest consulting firms alone made 170 billion dollars growth revenue and the average annual growth rate is around 4%.

### OBJECTIVES OF THIS REPORT

- To know the about the company profile.
- To know the vision and mission of the company.
- To know the corporate social responsibility of the company
- To know the corporate structure and hierarchy of the company
- To know the organizational activities in all functional areas and relate this to theoretical knowledge acquired.

- To know the strengths, weaknesses, opportunities, and threats (SWOT analysis) of the company.

### **SCOPE OF THE STUDY**

This report mainly focuses its view on company's profile and different area of services such as market research, business analytics, etc.

This project internship study is to make the study of different service sectors, working and finding solutions to the given proposal.

### **LIMITATION**

- The outcome of the study is highly dependent on the perception, attitude and understanding of the observer.
- Sometimes the company is not interested to disclose their documents to the observer.
- The report may be wrong if the data collected during the study is not accurate.
- Organization study needs more time as its purpose is to study the overall structure and operation of a business unit.
- The attitude, co-operation and transparency of the management also affect the outcome of the organization.

CHAPTER-I

SUMMARY OF THE ORGANIZATION

The widespread adoption of puddling as a technique to make iron also contributed to growth in production. In the early days of American ironmaking, craftsmen used a method called fining to produce iron. This meant that the mixture of iron and slag expelled from a blast furnace was separated out by hammering it. Puddling involved adding iron oxide to the blast furnace charge because the chemical reaction made it easier to separate impurities from the iron. Puddlers did the separating by stirring the melted product with a long iron rod. The slag that rose was poured off the top and the iron at the bottom was shaped into balls. The balls were squeezed into iron bars that were worked into the mill's final product (such as rails or rods) by other workers. Puddling required many judgment calls based on experience. Therefore, it could take up to two years of training to become a skilled puddler. Many puddlers in the mid-nineteenth century were successful enough to later move into the ranks of owners.

**SRIGIRI INDUSTRIES FORECASTS:**

M/s. Srigiri Industries is a Partnership Firm. It manufactures Ductile Iron Pipes.

The enterprise was started in 1998. Which is located in # 29/1, 1<sup>st</sup> BLOCK, BOMMANAHALLI, HOSUR MAIN ROAD, BANGALORE-560064

The firm consists of 3 partners namely, Sri RV Kodandaramayya the sole proprietor, SN. Ramamurthy and G.Venkatachala. Currently there are 170 workers and 30 employees. The workers comfortably work for flexible shifts. The factory is managed by another partner called M. Sheshagiri.

As the enterprise is in the industrial area which has a National Highway naturally the demand for steel products increases as it is cheaper than other metals. So the firm is under the profitable condition. If they use the modern method that is the technology in the firm gradually the firm can earn more profits and also can be recognized by the vendors easily.

## ***SUMMARY OF THE ORGANISATION***

The purpose of this project is to study and understand the organization as a whole and to know how exactly the various departments functions in an organization. It also stimulates and helps to understand the work environment better. The study assesses the performance of the organization and examines the changes in environment. The project gives the over view of the Manufacturing Industry. It gives a picture about industry, players, the industry volume and the current scenario.

The project gives a brief overview of the Spoorthi apparels profile, in order to function efficiently and effectively every organization has a functional department. It's important to divide departments so that the work can be divided into units and divisions. The various departments such as Human Resource, Finance, Accounts, Tools Management, Maintenance, Machining etc. studied under this project in a nutshell.

The project has few good methodology to study different essentials of the company such as SWOT analysis i.e. strength, weakness, opportunity and threats within and outside organization, Production System etc.

The company has very good products for serving their customers, which thereby makes them to feel satisfied with the services that are being provided to them. The important strength of the company is that they give first preference to quality of the product and the safety aspect thereby meeting their expectations and enhancing the satisfaction level.

During the training period it is also been observed that the respective department employees work efficiently and do their work on time without any delay or postponement. All the departments have their own objectives to meet with their improvement and achieve their vision along with reaching their goals.

## Executive Summary 15 – 2017 – 18 (Batch 2017 – 19 – I Sem )

This is the internship report based on the one-month long internship program that I had successfully completed in MR Aqua RO Marketing under Accounting Division from 01.12.2017 to 31.12.2017 as a requirement of my M.com program on Department of Business Studies, Bangalore University. As being completely new to practical, corporate world setting, every hour spent in the HRD gave me some amount of experience all the time all of which cannot be explained in words. But nevertheless, they were all useful for my career. This report includes how an HR Department works, what are the possible divisions and work distribution in an. I have worked in Accounting Division of MR Aqua RO Marketing with almost all the wings of Book keeping, Ledger Entry, Preparation of Trail Balance, Balance sheet, Ratio Analysis.

MR Aqua RO Marketing. is importer, and Supplier in water treatment Industry. We are supplies water treatment of water quality association USA and an ISO 9001 Certified Company. MR Aqua RO Marketing is trusted name as a supplier of genuine components and plants in Water Filtration Industry.

MR Aqua RO Marketing was established in the year of June 2017 by Ramesh S , with the capital of 2,00,000 and its running very well.

MR Aqua RO Marketing is an exclusive distributor for sales and distribution of VONTRON's RO element. Vontron is one of the world's largest manufacturers of Reverse Osmosis elements.

MR Aqua RO Marketing is an exclusive distributor for sales and distribution of RO Pump, Accessories, Fittings, Plastic Cabinet, RO Components etc

Company is having Products of national and international level for the procurement of Water treatment like Water Filter Cartridge, Water Pump, Reverse Osmosis Elements, Filter Housings, QC Fittings, TDS Meter, and Antiscalant-Balls etc. Company has launched the series of product with brand name of FILMAX and PURE-MAX, etc.

## **SUMMARY**

The purpose of this project is to study and understand the organization as a whole and to know how exactly the various departments functions in an organization. It also stimulates and helps to understand the work environment better. The study assesses the performance of the organization and examines the changes in environment. The project gives the over view of the Manufacturing Industry. It gives a picture about industry, players, the industry volume and the current scenario.

The project gives a brief overview of the SRI MAHALAKSMI TRADERS OF AGARBATTI RAW MATERIALS profile, in order to function efficiently and effectively every organization has a functional department. It's important to divide departments so that the work can be divided into units and divisions. The various departments such as Human Resource, Finance, Accounts, production, Maintenance, Machining etc. studied under this project in a nutshell.

The project has few good methodology to study different essentials of the company such as SWOT analysis i.e. strength, weakness, opportunity and threats within and outside organization, Production System etc.

The company has very good products for serving their customers, which thereby makes them to feel satisfied with the services that are being provided to them. The important strength of the company is that they give first preference to quality of the product and the safety aspect thereby meeting their expectations and enhancing the satisfaction level.

During the training period it is also been observed that the respective department employees work efficiently and do their work on time without any delay or postponement. All the departments have their own objectives to meet with their improvement and achieve their vision along with reaching their goals.

## CHAPTER-1

### SUMMARY

The manufacturing sector has a fundamental role to playing global economic growth which includes job creation for emerging economics and developed markets. It drives innovation throughout every segment of our society and delivering consumer solutions of which are the keys to long term, sustainable economic growth.

Manufacturing is the making of goods by hand or by machine that upon completion the business sells to a customer. In simple, conversion of raw materials into finished goods. As in India industries have played an important role in contribution of GDP, which supported for the sustainable development of the country. Nearly, 29.8% contribution made by the industrial sector.

With rapid changes in the technology, customer needs and globalisation, manufacturing itself is constantly transforming and evolving.

### **SRI BALAJI STEELS FORECASTS:**

Sri Balaji Steel is a Partnership Firm. It manufactures Stainless Steel Pipes and Tubes.

The enterprise was started in 2001 Which is located in #41,Sy.no.161/1PREETHI NAGAR,LAGGERE BUS STOP ,LAGGERE, BANGALORE-560058

The firm consists of 3 partners namely, Sri M.Narayanappa the sole proprietor.Lakshmi and Kumar. Currently there are 150 employees. The workers comfortably work for flexible shifts. The factory is managed by another partner called Divya N kumar

As the enterprise is in the industrial area which has a National Highway naturally the demand for steel products increases as it is cheaper than other metals. So the firm is

## 21 – 2017 – 18 (Batch 2017 – 19 – I Sem )

under the profitable condition. If they use the modern method that is the technology in the firm gradually the firm can earn more profits and also can be recognized by the vendors easily.

### **ABOUT INTERNSHIP:**

An internship is an opportunity offered by an employer to potential employees, called interns, to work at a firm for a fixed, limited period of time. Internship is usually students and most internships last for any length of time between one week or a month.

Internships offer students a period of practical experience in the industry relating to their field of study as I have chosen manufacturing field. The experience is valuable to students as a means of allowing them to experience how their studies are in the “Real World”, and work experience that can be highly attractive to potential employers on a candidate’s CV.

An internship provides a great opportunity for prospective employees to gain experience in a particular field or industry, determined if they have an interest in a particular career, create a network of contacts, or gain university module credits. Interns may also have the possibility of putting themselves forward for the coming opportunities for paid work, during the internship.

### **PURPOSE OF INTERNSHIP:**

The practical training program allows students to relate theoretical knowledge with its application in the manufacturing industry. The objectives of internship are:

- To provide the students the opportunity to test their interest in a particular career before commitments are made.
- To develop skills in the application of theory to practical work situations.
- To develop skills and techniques directly applicable to their careers.
- Internships will increase a student’s sense of responsibility and good work habits.
- To expose students real work environment experience gain knowledge in writing report in technical projects.
- Internship students will have higher levels of academic performance.

## EXECUTIVE SUMMARY

Karnataka Soaps And Detergent Limited (KS&DL) is a company owned by the government of Karnataka in India. This soap has been manufactured since 1916 it is the true inheritor of India's sandalwood legacy. Soaps are the non-durable consumer goods and this industry in India faces a cut throat competition. The toilet soaps market is estimated at 530000 TPA (tons per annum) including small imports. The premium soaps are estimated to have market volume of 80000 tons. Currently HUL holds the lion's share market. Mysore sandal soap is the only soap, in the world made from 100% pure sandalwood oil. KSDL owns a proprietary geographical indication tag on the Mysore Sandal Soap. The industry has 2 more divisions one at Shimoga and another at Mysore where sandalwood oil is extracted because of non-availability of sandalwood in the market.

Karnataka soaps and detergent limited have various functional departments that are Marketing, Finance, Production, R&D etc. KSDL produces a wide variety of products that are soaps, detergents, cosmetics, agarbathies etc. the factory is located in the heart of the city and has ISO 9002 certificate. Through it is an old company the quality is the reason of existence still in this era. It was a special learning experience during the entire training period in KSDL, Bangalore.

The overall internship consists different chapters with their incredible information. From overall internship we gain information about Industry profile, Company profile, SWOT analysis, Mc Kinsey's

**Guided by**

**Ast. Prof. Madhura**

## Preface

The objective of the project was “to understand the Neuro Muscular Blocker (NMB) market & develop the medical positioning for Cisatracurium” for IMRB, for that we have to understand the customer needs (doctors), pricing constraints, response, emotions and beliefs regarding the product, so that they can contribute their valuable inputs for introducing the “Cisatracurium” in India for the company. The objective of this study was to analyze the clinical practice of the available neuromuscular blocker in Mumbai and Pune city with respect to the survey in the best hospitals of the city.

The project was started on 1<sup>st</sup> of June after knowing all the relevant information regarding the project, under the guidance of Mr. Manjappa(Group Product Manager). The first part of my project involves the study of the Anesthetists’ armamentarium of drugs, Understand the NMB category & their mechanism of action and Clinical use of NMBs & their place in therapy. For this I used Internet as a primary source of information for study, also attended a day with Dr. Amit Arora discussing the topics. Along with the detailed study of NMB category the study was more focused on Cisatracurium.

Since, the next part of my project was to develop the questionnaire respected to medical positioning for Cisatracurium and clinical preferences of current NMBs available. Hence, the detailed study provided me a rough idea in developing questionnaire and my corporate mentor guided me in finalizing the questionnaire. For this the questionnaire was prepared which gave the vague idea about the customers, who were really interested in practicing the new molecule and wanted to know about the availability of the molecule in the country. Go through questionnaire in different hospitals and people in the Pune and Mumbai city. The marketing research was undertaken for Pune and Mumbai region during one month. The sample size of the marketing research was taken to be 40. The questionnaire contains various aspects like their Name, Contact Number, E-mail Id, Hospital Name, NMB preference and Cisatracurium advantage etc. The final part of the project consists of 15 days of scanning the questionnaire.

Most important part is analyzing the information.

## SUMMARY

The machine industry or machinery industry is a sub sector of the industry, that produces and maintains machines for consumers, the industry and the most other companies in the economy.

The success of an organization mostly depends on the product they manufacture. The production management also called operations management, planning and control of industrial processes to ensure that they move smoothly at the required level.

Techniques of production management are employed in service as well as manufacturing industries. It is a responsibility similar in level and scope to other specialties such as marketing or human resource and financial management. In manufacturing operations, production management includes responsibility for product and process design, planning and control issues involving capacity and quality, and organization and supervision of the workforce.

Manufacturing Industry in India has gone through various phases of development over the period of time. Since independence in 1947, the Indian manufacturing sector has traveled from the initial phase of building the industrial foundation in 1950's and early 1960's, to the license-permit Raj in the period of 1965-1980, to a phase of liberalization of 1990's. Indian Manufacturing sector currently contributes 15-16% to GDP (2015) and gives employment to 12% (2014) of the country's workforce. Studies have estimated that every job created in manufacturing has a multiplier effect, creating 2-3 jobs in the services sector. In a country like India, where employment generation is one of the key policy issues, this makes this sector a critical sector to achieve inclusiveness in growth. India contributes 2.2 per cent of the global manufacturing output which is at par with developed economies of the world such as U.K and France.

The purpose of this project is to study and understand the products and pricing and to know how exactly the production function in an organization. It also stimulates and helps to understand the work environment better. The study assesses the performance of the organization and examines the changes in environment. The

project gives the over view of the Manufacturing Industry. It gives a picture about industry structure, product, prices the industry volume and the current scenario.

JOGI ENGINEERING INDUSTRIES is a small-scale manufacturing industry, which was established in the year 1972. The firm has been acclaimed by its clients as being the forerunner since the last four decades of the existence. It provides all varieties of candle moulds, candles and camphor making machines in all its range of products much to their satisfaction. This chiefly owes to quality products of high performance that are being provided them.

KOTRESHI (HRM)

**CLASSIC CONCEPTS**

#41, Vasanthpura Main Rd, Near Pipe Line, Sharada Nagar, Bangalore - 560062

## **SUMMARY**

Classic concept is one of the leading elevator companies providing expertise solutions in "Moving Technology" Our product range in lifts include passenger and goods which also extends to home lifts.

Classic concepts provide integrated systems in design, manufacturing, sales, installation, maintenance and modernization. It has strong practice to research, develop and innovate their products and systems which aim at providing cost effective as well as user-friendly solutions to their esteemed clients.

Classic concepts keep its promise for SAFETY, RELIABILITY, COST EFFICIENCY and QUALITY.

It is continuing policy to provide products and services of superior quality, and information plays an crucial role in that policy. It is thus the purpose of the I Planning Guide to equip customers with an independent ability to make initial elevator system design decisions of quality, during the "concept" stages of a project. The guidance offered is not of a depth to permit detailed design, but it will enable initial decisions to be made for subsequent development. Such development is the province of the specialist and at this stage it should be consulted directly.

The planning tools and experience available to customers through Classic concepts are unsurpassed and Classic concept is always ready to provide more information and assistance. It is hoped that this guide gives a clear sign of that intent and, for those new to the subject, it will be the first step in a wider and mutual cooperation. For existing CC customers it is hoped that this guide gives yet more valuable help in planning matters and that it reaffirms Classic concept' commitment to the pursuit of excellence.

### **CLASSIC CONCEPT offer.**

#### **Marketing:**

- ✓ Identify and research markets, customers and potential
- ✓ Establish the best blend of product and service for those markets
- ✓ Write technical and marketing copy, get it published
- ✓ Help take the product / service to market or to new markets

## 44 – 2017 – 18 (Batch 2017 – 19 – I Sem )

### • **Strategy:**

- ✓ Assess the strengths, weaknesses and potential of the business, technology, capabilities
- ✓ Develop strategic, business, technology, service and marketing plans
- ✓ Identify and evaluate different means of funding, find and approach funders
- ✓ Write business cases for internal and external use

## 48 – 2017 – 18 (Batch 2017 – 19 – I Sem )

### SUMMARY

TOYOTA KIRLOSKAR AUTO PARTS PVT LTD is a subsidiary of Toyota Motor Corporation of Japan (with Kirloskar group as a minority owner), for the manufacture and sales of Toyota cars in India. It is currently the 4<sup>th</sup> largest car maker in India after Maruthi Suzuki, Hyundai and Mahindra.

The company Toyota Kirloskar Motor Pvt Ltd (TKMPL) according to its mission statement aims to play a major role in the development of the automotive industry and the creation of employment opportunities, not only through its dealer network, but also through ancillary industries with a business philosophy of "putting customer first".

On June 7, 2012, vice Chairman of the company revealed that the company is planning to enter the healthcare sector and its first hospital would open in Karnataka in May 2013.

On 16 March 2011, it announced that it was increasing production to 210,000 vehicles per annum due to increase in demand for its models especially the Etios and Fortuner.

With effect from June 1, 2012, Toyota Kirloskar Auto Parts will be increasing the prices of Etios diesel and Fortuner by 1 per cent and Fortuner and Etios Liva diesel by 0.5 per cent. The price hike is on account of the weakening of Rupee. Toyota announced that Etios sedan and the Liva hatchback has posted sales of over 10,000 units, hence Toyota is all set for giving its production a big boost.

During the training period it is also been observed that the respective departments employees work effectively and efficiently and do their work on time without any delay or postponement. All the departments have their own objectives to meet with their improvement and achieve their vision along with reaching their goals.

Over and above manufacturing, Toyota also has a global network of design and 'Research and Development' facilities, embracing the three major car markets of Japan, North America and Europe. Today, Toyota, the world's second largest manufacturer of automobiles, is by far the largest Japanese automotive manufacturer.

**49 – 2017 – 18 (Batch 2017 – 19 – I Sem )**

**TOYOTA KIRLOSKAR AUTO PARTS**

producing more than 5.5 million vehicles per year, equivalent to one every six seconds. In the time it has taken to read this paragraph, Toyota has produced at least another three or four car's.

## SUMMARY

The total turnover of the Indian auto component industry is estimated at US\$9 billion in 2006. The industry has the resources to manufacture the entire range of auto products required for vehicle manufacturing, approximately 20000 components. The entry of global manufacturers into India during the 1990s enabled induction of new technologies, new products, improved quality and better efficiencies in operations. This inturn effectively acted as a catalyst to the local development of the component industry.

Escorts promoted Goetze in the year 1954 in technical and financial collaboration with Goetze-gerke of Germany manufacturer of piston, rings and liners. Goetzeverke of Germany is now owned by Federal Mogul Corporation, a \$63 billion global company and one of the leading manufacturers of automatic components in the world. FEDERAL MOGUL GOETZE (INDIA) LTD is the largest manufacturers of piston, pin and rings in India.

Federal Mogul Goetze India Ltd manufactures products like piston, rings and piston pins called Piston assembly. In the three manufacturing centers these products are manufactured at Bangalore, Patiala and Bhiwadi. Ringing its activities to manufacturer, Export and Import of Piston assembles, Piston Rings, Cylinder, Liners light metal cylinder blocks, Outer tubes for telescope front forks, Crown handle for motorcycle, Piston pins.

## Experience Certificate by IBCA

Date: 16/02/2018

### To Whomsoever It May Concern

This is to certify that Smita Kagwad was appointed as a trainee (intern) at Institute of Baking & Cake Art for the month of December 2017 as Assistant Baker-Confectioner.

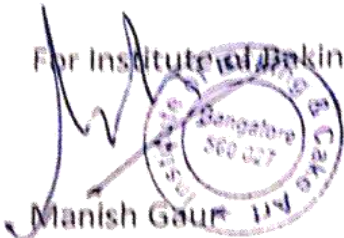

Her major responsibilities included working on Cakes, Fondant works, Creative inputs for desserts, and others.

Her exposure in these areas is very good. During her tenure with us, she ably handled major responsibilities and we found her to be hardworking and very productive.

We have found her to be self-starter who is motivated, duty bound, and a highly committed team player with strong conceptual knowledge as well as creative skill, she also worked well with seniors and supported them for a better learning.

We at IBCA wish her all success in future endeavors.

For Institute of Baking & Cake Art

  
Manish Gaur

Director Training - IBCA

## 54 – 2017 – 18 (Batch 2017 – 19 – I Sem )

### Executive Summary

The estimate made by the Ministry of Food Processing Industries (1998), the total market of bakery product, bread and biscuit is estimated at 1.5mn ton and 1.1mn ton respectively. The cake market is estimated at 0.4mn ton. The organized segment of the biscuit market is estimated to be 0.44mn tons whereas the unorganized sector accounts for the balance 0.66mn tons.

The confectionery industry has a current capacity of 85, 000 tones, the market is growing at the rate of 10-15% per annum. The estimated annual production of bakery products in India is in excess of 3 million tones, of which bread accounts for nearly 50% and biscuits 37% in volume terms in the organized sector. The bakery sector in India is one of largest segments of the food processing industries; annual turnover in value terms is approximately \$ 900 million.

Chocolates, hard-boiled sweets, chewing gum and other products are a major growth area. The bakery industry includes basic baked products like breads, biscuits, cakes, pastries, rusks, Buns, rolls etc.

The word 'Biscuit' is derived from the Latin words 'Bis' (meaning 'twice') and 'Coctus' (meaning cooked or baked). The word 'Biscotti' is also the generic term for cookies in Italian. Back then, biscuits were unleavened, hard and thin wafers which, because of their low water content, were ideal food to store.

Biscuit industry in India in the organized sector produces around 60% of the total production, the balance 40% being contributed by the unorganized bakeries. The industry consists of two large scale manufacturers, around 50 medium scale brands and small scale units ranging up to 2500 units in the country. The unorganized sector is estimated to have approximately 30,000 small & tiny bakeries across the country.

## 55 – 2017 – 18 (Batch 2017 – 19 – I Sem )

The annual production of biscuit in the organized sector, continues to be predominantly in the small and medium sale sector before and after de-reservation. The annual production was around 7.4 Lac tonnes in 1997-98 in the next five years, biscuit production witnessed an annual growth of 10% to 12%, up to 1999-00.

In order to conduct this MRP-I report we have done primary research to know the performance of four major biscuit players with respect to customer loyalty. We have also done the financial analysis of four major players of biscuit industry through secondary data for last five years, which includes aggregate industry ratio analysis, separate company's ratio analysis, aggregate industry sales trend of last ten years and production trend of last five years.

We have also done the various analysis like **SWOT Analysis, five force model, PESTL Analysis, Strategic Group Mapping,**

CHAPTER-1

SUMMARY

The manufacturing sector has a fundamental role to playing global economic growth which includes job creation for emerging economies and developed markets. It drives innovation throughout every segment of our society and delivering consumer solutions of which are the keys to long term, sustainable economic growth.

Manufacturing is the making of goods by hand or by machine that upon completion the business sells to a customer. In simple, conversion of raw materials into finished goods. As in India industries have played an important role in contribution of GDP, which supported for the sustainable development of the country. Nearly, 29.8% contribution made by the industrial sector.

With rapid changes in the technology, customer needs and globalisation, manufacturing itself is constantly transforming and evolving.

**SRI BALAJI STEELS FORECASTS:**

Sri Balaji Steel is a Partnership Firm. It manufactures Stainless Steel Pipes and Tubes.

The enterprise was started in 2001 Which is located in #41,Sy.no.161/1PREETHI NAGAR,LAGGERE BUS STOP ,LAGGERE, BANGALORE-560058

The firm consists of 3 partners namely, Sri M.Narayanappa the sole proprietor.Lakshmi and Kumar. Currently there are 150 employees. The workers comfortably work for flexible shifts. The factory is managed by another partner called Divya N kumar

As the enterprise is in the industrial area which has a National Highway naturally the demand for steel products increases as it is cheaper than other metals. So the firm is under the profitable condition. If they use the modern method that is the technology in the firm gradually the firm can earn more profits and also can be recognized by the vendors easily.

### **ABOUT INTERNSHIP:**

An internship is an opportunity offered by an employer to potential employees, called interns, to work at a firm for a fixed, limited period of time. Internship is usually students and most internships last for any length of time between one week or a month.

Internships offer students a period of practical experience in the industry relating to their field of study as I have chosen manufacturing field. The experience is valuable to students as a means of allowing them to experience how their studies are in the "Real World", and work experience that can be highly attractive to potential employers on a candidate's CV.

An internship provides a great opportunity for prospective employees to gain experience in a particular field or industry, determined if they have an interest in a particular career, create a network of contacts, or gain university module credits. Interns may also have the possibility of putting themselves forward for the coming opportunities for paid work, during the internship.

### **PURPOSE OF INTERNSHIP:**

The practical training program allows students to relate theoretical knowledge with its application in the manufacturing industry. The objectives of internship are:

- To provide the students the opportunity to test their interest in a particular career before commitments are made.
- To develop skills in the application of theory to practical work situations.
- To develop skills and techniques directly applicable to their careers.
- Internships will increase a student's sense of responsibility and good work habits.
- To expose students real work environment experience gain knowledge in writing report in technical projects.
- Internship students will have higher levels of academic performance.

***SUMMARY OF THE ORGANISATION***

The purpose of this project is to study and understand the organization as a whole and to know how exactly the various departments functions in an organization. It also stimulates and helps to understand the work environment better. The study assesses the performance of the organization and examines the changes in environment. The project gives the over view of the Manufacturing Industry. It gives a picture about industry, players, the industry volume and the current scenario.

The project gives a brief overview of the Spoorthi apparels profile, in order to function efficiently and effectively every organization has a functional department. It's important to divide departments so that the work can be divided into units and divisions. The various departments such as Human Resource, Finance, Accounts, Tools Management, Maintenance, Machining etc. studied under this project in a nutshell.

The project has few good methodology to study different essentials of the company such as SWOT analysis i.e. strength, weakness, opportunity and threats within and outside organization, Production System etc.

The company has very good products for serving their customers, which thereby makes them to feel satisfied with the services that are being provided to them. The important strength of the company is that they give first preference to quality of the product and the safety aspect thereby meeting their expectations and enhancing the satisfaction level.

During the training period it is also been observed that the respective department employees work efficiently and do their work on time without any delay or postponement. All the departments have their own objectives to meet with their improvement and achieve their vision along with reaching their goals.
