PRINCIPAL'S MESSAGE

Going to college was all about pursuing your dreams, walking consciously towards your goals.

You had come to Surana College with dreams in your eyeswouldn't it be lovely to relive those dreams ? Days come and go. But the most important thing is to cherish your human connections, your relationships with your alma mater and friends.

An African fable, depicted often in a wall poster says "A lion wakes up in an African Jungle and says 'today I should run faster than the slowest deer so I can have lunch.' At the other end of the jungle, a deer wakes up and says 'today I should run faster than the fastest lion to stay alive". The moral: "whether you're a lion or a deer, wake up and run."

College life continued to be full and vibrant with wonderful cultural displays, academic excellence (Bangalore University ranks) and other events which continue to contribute to the vitality and diversity of this college. Yes, it was "wake up and run" which has kept us going and surviving in the competition that we face.

In our collective quest to revitalize the alumni association we release this newsletter. We are always glad to receive a visit from our alumni and look forward to the alumni meet.

The alumni co-ordinators have named the 12th of March this year in our college calendar as Alumni Day. We hope this will become a tradition. Your participation will open up the following –

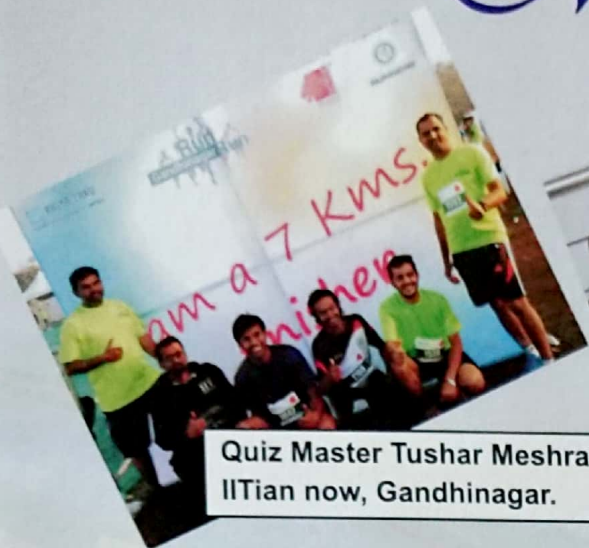

- Reconnect with friends and teachers
- Interact with current students and get an inside look at life on campus
- Suggestions to bridge the gap between academics and industry

Help make this alumni meet a grand success with your participation.

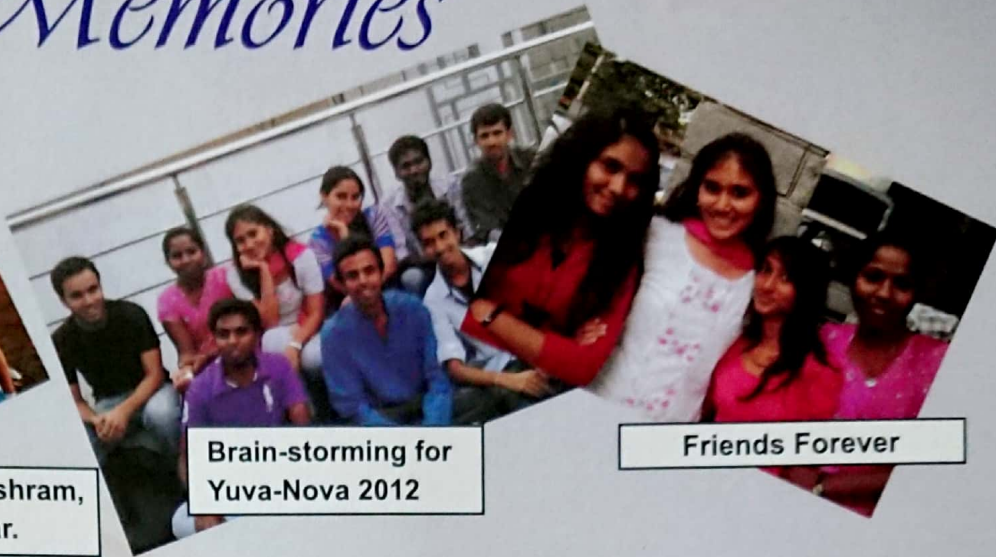

We look forward to meeting you again and wish you all the best.

Sakuntala Samuelson

As a proud alumna of Surana College (2011-2014), it gives me immense pleasure to state that this model educational institution has moulded me successfully. Apart from imparting education the teachers inculcated moral values in us. From classroom lectures, fest, internships and field trips we were encouraged to strive for excellence. A home away from home is how the college felt everyday and I am thankful for every bit of support I have received here. Lastly, I must say that most of my friends and I have been placed in top notch companies today. Cheers!!!!!!

JAI DEV CHINCHOLIKAR

Lead Treasury Analyst- Flipkart

The support I have received from the Department of Management and from the College has helped me to manage my job as Aviation Professional as well as complete my Graduation with flying colors.

During the course of my study, I received numerous opportunities in the form of inter-collegiate fests within the state and also at the national level.

The placement opportunities made available by the college helped me to get placed with Flipkart, where I joined 20 days after my last semester BBM examination.

Bharath narayan bharathatk@gmail.com – B.Com Alumni Batch: 2010-13

If you really want to do something you will find a way out but if you dont want to then you will find an excuse ' Bharath, has been one of those youngest achievers to have seen success at the earliest. He is one of those persons who is very calm and composed. Hardwork and success come together but in two ways. Choose the easier way and you learn nothing but choose the harder way you learn a lot. Every obstacle you face teaches you something very deep. Acknowledge it to grow better.

Bharath believed in the "make India" concept and decided to be an entrepreneur, he borrowed loan from the bank and began his block factory. He had his share of uphill battle to see success. At the mean time, he has also started an academy which helps children of tenth grade upto twelfth grade to study better and gain better scores. Bharath says' education is not a preparation but it is life. Everything that we learn is education and how we make use of it is what matters.

Sowmya Shankar – B.Com Alumni (Batch : 2012-15)

I, completed my B.Com with distinction in Surana College. When it comes to my experience in this college, I feel immense pleasure to talk about it. My 3 years of journey in this college cannot be told in just 2 or 3 sentence but still I would like to share a few of it. I would like to thank all faculties who is the main reason for my success and all B.Com department faculty are very supporting and they support us in each and everything we do. There is also placement cell which gives many job opportunities & I even feel great to say that i was placed in Northern Trust Company. Apart from education there are many fest n activities conducted throughout the year which helps students to showcase their talent & get recognized. I feel proud to be part of this college & I wish to be associated with this college in future as well. Sowmya Shankar – IV Rank, B.Com, Bangalore University Gold medal for securing highest in final year B.Com, Bangalore University

Prateek Khurana – B.Com Alumni Batch: 2012-2015

Illusion of Happiness.

Days of present spent for a secure future,
And future buried in thought of past.
Hollow space of thought is where I lived,
Inspired by cloud of dreams I had.

For now I run for it,
Try to reach and even suffer for it,
With the consequences in life,
Will be lost and be away from myself.

Days of future reserved to try and return,
To the dreams I had pictured,
Will be pale till I am burnt to ashes,
With a life which is meaningless and less defined.

Perhaps, illusion of happiness is all I found,
The happiness which I could have lived on.

Sharath. Y.B Arya – B.com Alumni 2012 - 15

What I am today, it is because of my parents & Surana College. I learnt many things from the college. My college moulded me completely, I got respect from my parents & in my native place because of I came to Bangalore and graduated. It makes me proud. When I got placed by college for a company ICICI Protectional Life Insurance Company. My Parents were so happy. Now I am working for Deutsche Bank. Thank You Surana College.

Priyanka D.R. – BA (Psychology) Alumni (Batch: 2008-11)

"When I opted psychology after PU, it was just an additional subject with journalism for me. But today, it's the subject of my choice in my Masters... This transition wouldn't be possible without the psychology department of Surana College, especially the faculty members... their guidance and this discipline has changed many lives, including mine. Apart from the regular curriculum, the psychology wall mag, various seminars, discussions and group activities have helped me to learn and analyze the subject better"

Chetan S.V. – BA (Psychology) Alumni (Batch: 2009-12)

After studying PUC at Surana, I realized that this was the best place to continue my higher studies, since I was aware of the conducive learning environment that prevailed here. I had a great learning experience throughout the course because the teaching was student-centric; the faculty members and my peers were very supportive, and encouraged me to thrive in academics as well as extra-mural activities. I'm glad to have been a student of Surana from PUC to PG, and it goes without saying that I owe a debt of gratitude to all my teachers and the management of the college for their constant facilitation in all my academic endeavors.

Bhaskar Ramamurthy and Balaji Ramamurthy – BCA Alumni (2004-07) Batch

Surana College has been the most rewarding experience of our life. The college educates students in a very creative way and constantly encourages them to think out of the box. The dedication, support and motivation of each of the staff member is remarkable and enables students like us to achieve our dreams. The courses are designed to provide students with both training for employment and preparation for further studies.

Experience at Surana College has helped in career advancement and attaining a responsible and technically challenging position in leading-edge Software Company. Along with that goes an increased sense of self-esteem and a feeling of accomplishment and personal satisfaction"

Nitin Shenoy - BCA Alumni – (2007-10 batch)

Though a Masters of Software Engineering graduate and working in a software company, I have developed my passion for wildlife since childhood. While there are lots of wild animals which need to be conserved, I started my little steps through snakes which seem to require major attention in metropolitan cities. Eventually, I broadened my knowledge about species found in the environment and learnt handling them with proper care and skill. Been volunteering as a wildlife rescuer since 2009 for rehabilitation of wild animals and birds which come into human conflicts. As a whole, rescued more than 3000 snakes and hundreds of birds in schools, companies, factories and homes at different areas of Bangalore. Later, got trained in the Volunteers Training Program (2014) held at Nagarhole National Park, Karnataka, India and got certified as a "Certified Eco Volunteer" to assist forest department activities. Currently, living my passion as a naturalist guiding and educating wildlife enthusiasts in the wilderness camps, seminars, college concepts and photography workshops we conduct through a company called *SoulScope*.

With the motto of "Conservation of Wildlife" I intend to reach as many people as possible to spread a sense of awareness about the vital importance of our Flora and Fauna.

Praveen Kumar - BCA Alumni (2005-08 Batch)

Praveen Kumar is one of the youngest achievers to start a company by name "**Apps on Click**".

Apps on Click – as the name suggests we build Mobile and Web App. Our USP is in line with our tag line – We deliver your ideas!

The company was founded in 2014 by 5 entrepreneurs. All the founders have worked in several MNCs and startups in different IT streams ranging from IT services to Telecom and Hospitality domains.

We all come from different backgrounds though all from IT Industry. Having different skill sets and coming from various backgrounds gave us an advantage. We broke down tasks and assigned it to each person and since everyone is a stakeholder it was a matter of going down the list and getting things done.

On 9th August 2014, Apps on Click held a successful Mobile technology event at Surana College Bangalore, India. This event was attended by Final year BCA students with an interest in Mobile application development.

My JOURNEY at SURANA COLLEGE
Siddarth Chordia – BCA (2004 – 2007)

The name 'Surana College' in my life has changed me as a person drastically with respect to **knowledge, skills, and approach towards life.**

The college had accepted me as an average student, with 55% in 2nd PUC and converted me to a brilliant student who just did not achieve 80.52% at the end of graduation but also improved me as one amongst the best programmers in the class. It has set me with the best career opportunities.

Characteristics that changed my life during the journey at **Surana College**

- **Knowledge** not only in terms of studies (BCA – Bachelor of Computer Applications), it also added to enhancing my general knowledge in all fields.
- **Skills:** The **ESOTERIC club** which plays a major role in the life of a student in this college tuned my soft skills, gestures, ability to speak in public. This has helped me present my best to the world with effective communication.
- **Approach towards life:** My Guru's (HOD and teachers) had not only taught me the curricular subjects but also trained me on how to react to situations in life. With their love I have learnt not to lose hope and fight for what I want to achieve. The support from College has made me pro-active in various aspects like, the development (coding), enrollment in competitions, sports activities like Table Tennis and Cricket. "Winning is not all that important, but participation is", this is what they have always preached us to believe in.

At every stage of my life at this college, I always got support from the college and department for my academics. Today being an alumnus, I can proudly say that the back bone for my success has been Surana College.

Madhuri BN (2008-11 Batch)

BCA Alumni

email-id: madhuri.bn.25@gmail.com

Phone-num: 9901647738

I am Madhuri BN , I Completed my BCA from Surana College (2008- 2011).

Studying in Surana especially being a part of our Computer Science department, was a very enriching learning experience. Apart from our Curriculum, I got so much more exposure as to how the corporate world challenges occur, I sought after a lot of multidimensional learning skills like Time Management, communication Skills, Technical Skills, Logical thinking, Management most importantly

Team work. We had a lot of opportunities that came along our way like intercollegiate fests and campus interview's. Surana college, our Department mainly Esoteric played a major role in kick-starting my career in the Corporate world.

I am very thankful to be a part of the Computer Science department, which is like family to us Alumni's. Also, very grateful and lucky to be a part of our department club "Esoteric".

Finally I would like to say that, I am very Proud to be a Suranite.

Rohith SA (2007-10 Batch)

BCA Alumni

I would like to stop and take some time to re-live the time I spent in my college.

Our college provided us the best in everything - the teachers, labs, library and facilities. Our college helped me learn a lot more than just what was in the syllabus. They taught me effective problem solving techniques, enabled me to improve my decision making capabilities, to work as a team and to be a respected team player.

Our college provided us a wonderful forum called Esoteric which has helped in overall development - To build competence, identifying individual talent, overcoming fear of the unknown.

It gave me the spark with which I started off with my career and have been able to achieve great heights in all aspects of life.

It gives me a proud feeling when I think back about my college and the opportunities it provided me.

I must really thank my HOD and all the mentors for shaping me and directing me in the right direction.

Siddharth Lunia (2005-08 Batch)

BCA Alumni

I am Siddharth Lunia, a part of the BCA class of 2008. BCA at Surana College for me was the best 3 years spent in my life and goes into the golden pages of my autobiography. To start off, we had a brilliant setup at the Computer Science department, which consisted of a motivated and knowledgeable team of faculty headed by Mr. A Srinivas. They were not only a source of knowledge, but also wisdom for all of us. The department along with students also ran an IT club called The Esoteric, which conducted extra-curricular activities, where we chose our areas of interest. It was here, where I got a chance to identify my key strengths and hone my skills apart from academics. Further on, I got chance to showcase these at various forums including the Inter Collegiate Fest and other walks of life. They say All's well that ends well, and for me It ended with a scholarship for an MS program with BITS Pilani, a job at SAP labs, a bunch of lifelong friends and teachers. Five years have passed by and here I am still finding ways to thank the Captain and his crew members for the amazing sail through they gave us. It's been a joy ride ever since.

Principal's message...

Surana College strives to maintain relations and connections with and amongst its 'global family.' As an institution committed to serve the society, we seek to create lifelong relationship with every Alumni in order to advance in our mission of lifetime connectedness and networking

We have a large number of alumni on the database. We need your support to continually update the database, so do inform us whenever you move or change your email address. To connect with friends and classmates, keep in touch with us!

All the happenings and upcoming events at Surana are regularly posted on our website

Every year, we publish the alumni magazine to all alumni worldwide, free of charge. We look forward to stories of personal achievements, renewing of old friendships, daring expeditions, humanitarian and literary works. Do write to us with your story.

We want our alumni and students to experience the joy of challenge and performance and participation that helps develop them into richly textured and thoughtful human beings.

So keep in touch and remember you are always welcome to your alma mater.

Sakuntala Samuelson

Sushant Sarkar

BCA Alumni

My journey began in Surana College, Bangalore in year 2005 joined as a BCA student and that is when I actually got familiar with the word Computer Science. It is here where I learnt many skills not only in programming but also in areas of music, theatre and other extracurricular activities. It is here during my 4th semester with help of my teachers started developing a project named T.A.R.S (Teachers Accomplishment Recording System) to manage and track a teacher's performance. On completion of the project which not only fetched me good academic results but also had a chance to showcase my project in 2008 SOFTEX held at Christ University where it was selected as one of top 2 Most innovative Software of the year and the event was judged by none other than the architects who developed the Microsoft Visual Studio. That was one turning point which carried me forward in my career what started as an academic project could manage to make way through the odds as part of educational suite on Microsoft Dynamics Solutions and concept was approved to be one of the modules to be added in the suite during my tenure at Mazik Global A Microsoft Gold Partner Company in 2016. The suit was showcased at Microsoft's product expo Microsoft Envision 2016.

Currently I am with Nalashaa Solutions as Senior Microsoft Dynamics Consultant - Development.

In 2016 was awarded "STAR OF MAZIK" Best Employee award for outstanding performance in Microsoft Dynamics Division for the year 2015 - 16 during my tenure at Mazik Global Inc.

Apart from my professional life I continued my interest in field of astronomy, creative arts and music and founded the indo fusion progressive rock band "Utth-ana" then was part of Parichay Films and Media where we make short films to create social awareness.

In 2006 won the student science achiever of the year and received the award from renowned astrophysicist Dr. C.V. Vishweshwara known for his work on black holes and Einstein's theory of relativity.

Work Life Balance at Microsoft

Fast paced, challenging, and a whole lot of fun—that is how I describe the work culture at Microsoft. Whether at your workstation, in a virtual meeting with another part of the world, or taking a coffee break with friends, you will always find yourself collaborating, sharing new ideas and working on high impact products and technologies that impact billions of people around the world.

Microsoft is a conglomeration of a diverse set of people with unique experiences, skills and passions, bound together by a common passion for technology and a belief in its tremendous impact on the world. Diversity and Inclusion are integral to our vision, strategy and success. Our work culture recognizes and respects people with diverse perspectives and skill-sets. We are also broadening awareness around gender diversity and have several initiatives which make our company a truly inclusive workplace.

At Microsoft, we provide our employees with a world-class environment that promotes innovation, productivity and desired work/life balance. In today's hectic world, careers are demanding, but if your work is to be fun and rewarding, it must take its place and priority alongside your other life interests. Our employee-friendly HR policies are customized for each location. A flexible work culture, access to the latest productivity tools, training and resources and a comprehensive family life, medical and dental insurance and relocation program are some of these initiatives.

BCom Alumni (2013-16)

The 5years journey in surana college is a memorable one which is proved through my achievements gratitude goes to teachers for being patient and supportive. Their unconditional support has helped me to overcome the ups and downs in this critical phase. My teachers completely created pleasant atmosphere and personally motivated me. They also taught me how to lead a disciplined life, which makes SURANA outstanding from the rest of the colleges

Principal's message...

Surana College strives to maintain relations and connections with and amongst its 'global family'. As an institution committed to serve the society, we seek to create lifelong relationship with every Alumni in order to advance in our mission of lifetime connectedness and networking

We have a large number of Alumni on the database. We need your support to continually update the database, so do inform us whenever you move or change your email address. To connect with friends and classmates, keep in touch with us!

All the happenings and upcoming events at Surana are regularly posted on our website.

Every year, we publish the alumni magazine to all alumni worldwide, free of charge. We look forward to stories of personal achievements, renewing of old friendships, daring expeditions, humanitarian and literary works. Do write to us with your story.

We want our alumni and students to experience the joy of challenge, performance and participation that helps develop them into richly textured and thoughtful human beings.

So keep in touch and remember you are always welcome to your alma mater.

Alumni Speak

The interactive learning course curriculum and exposure to speak in front of public, giving presentations and participating in different cultural activity inculcated a lot of potential in me and now I can say these all activities made me a good speaker and developed lots of soft skill in me. All thanks to Surana College (CS Dept.)

-- Kailash Nagendra (BCA Alumni)

A great fun place to nurture your skills. The environment in Campus is cool and amazing. I still vividly remember my first day in college; I was so excited in meeting new people. I had the opportunity to become more independent and to take on new responsibilities. Surana College introduced me to new and various things and I have developed new interests from this exposure.

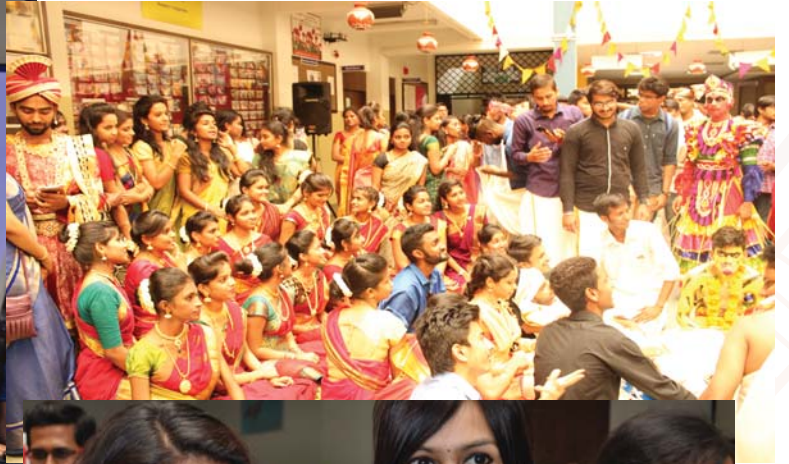

---Abishesk Kaashyap(BCom Alumni)

Surana College is one of the best Computer institute and premier center of learning. It's a milestone in the journey of my life which I would cherish till the very end. The management makes sure that each and every student is ready for the corporate world and they start it from the very first day. The rigorous schedule, the assignments, seminars, industrial visits, presentations and many other activities prepares you for the outside world. The interactive learning course curriculum and exposure to speak in front of public, giving presentations and participating in different cultural activity inculcated a lot of potential in me and now I can say these all activities made me a good speaker and developed lots of soft skill in me.

---Ajay Kumar (BCA Alumni)

I have spent the most wonderful 3 years with the best college and teachers who were friendly yet professional and the best education one could get .You all come here with an intent to achieve something in your life and believe me you will achieve much - much more from here.

--Rahul (BA Alumni)

Surana College

Alumni meet- 2013-14

Surana College organized Alumni Meet on 8th March 2014. The Meet was attended by around 250 alumni of batches that graduated in year 2002 to 2014. The Managing Trustee of Surana group of Institutions Ms. Archana Surana, The Principal of Surana College Prof. AS Chandramouli, PUC Principal Mr. B R Chandrashekarappa were also present for the Alumni Meet. Alumni came forward in extending their help for placement & training. Some of the old students expressed their readiness to conduct workshops/seminars to train the current students on emerging technologies on Saturdays and Sundays. Great spirit of reciprocation was seen from Alumni to contribute in some way or the other to their college and department with full of gratitude and relevance. The program ended with a bunch of entertainment events conducted by the current students of Surana College.
