## PROFESSIONAL PROFILE

A dedicated educator with **1 year and 6 months** of hands-on experience nurturing young minds at the pre-primary and LKG level. Passionate about building a love of learning from an early age — through storytelling, creative activities, and a warm, inclusive classroom. Backed by a strong academic foundation in **History, Economics, and Political Science**, I am equally confident teaching Social Studies, General Knowledge, and Environmental Studies at the primary level. I bring patience, enthusiasm, and a child-first philosophy to every classroom I step into.
